Any changes you have in address, income, family size or other insurance coverage should be reported to HSD.

When will I be able to choose my Managed Care Organizations (MCOs)?

In the Fall of 2013, you will get a orange envelope from the Human Services Department (HSD) asking you to select a Centennial Care MCO. This letter will let you know how to make your choice on the phone, on-line or through the mail. If the MCO that you have right now is also a Centennial Care MCO, you may be able to re-enroll with them. If you do not choose an MCO, you will automatically assigned to one. CENTENNIAL CARE

How can I choose the Centennial Care Managed Care Organization (MCO) that is right for me?

Ask your doctors which Centennial Care MCO(s) they're contracted with. You should also check each of the MCO(s) provider listings to find out which doctors are part of their network. You may also find out what extra benefits each of the MCOs offer. When you get your orange MCO enrollment letter from the Human Services Department (HSD), it will include a phone number and a website for each MCO so that you can get the answers you need to choose the MCO that is best for you.

Once I choose a Managed Care Organization (MCO), will I be able to change to a different MCO?

Yes. You can change your MCO in the first 90 days after choosing or being assigned to one. You also have the chance to change your Centennial Care MCO each year when it's time for you to renew your coverage.

I have heard that I can't change my Centennial Care Managed Care Organization (MCO) after I am "locked in." What does this mean?

After you pick or get assigned to an MCO, you have 90 days to switch to a different MCO for any reason. After that 90 day period, you are "locked in" to receive services from that MCO and can only change to a different MCO for certain reasons. To request an MCO switch after you are locked in, you must submit the request in writing. For more information on how to submit a request, you may call the New Mexico Medicaid Call Center at 1-888-997-2583.

If I don't pick a Centennial Care Managed Care Organization (MCO) by December can I still get medical services in January?

Yes. If you don't pick a Centennial Care MCO, you will be assigned to one (unless you are not required to enroll in managed care) and will get services from that MCO starting January 1, 2014. If you are enrolled with a current New Mexico Medicaid MCO that is also going to be a Centennial Care MCO, you will be automatically assigned to your current MCO.

Will Centennial Care managed care organizations (MCOs) have a list of providers in the state that I can see for care?

Yes. When you choose your MCO, you will receive a provider directory and a member handbook with information that tells you what providers are in the MCO network and how you can get the care you need.

Will my Centennial Care Managed Care Organization (MCO) be different than my Salud! MCO?

It could be different. Centennial Care will have four MCOs to provide services. Some, but not all of them, are the same as the current Medicaid MCOs. In the Fall of 2013, you will get an orange letter from the Human Services Department asking you to pick a Centennial Care MCO. You need to choose your MCO by November 27, 2013 but if you do not, you will be automatically assigned to one.

Can I change my primary care physician (PCP)?

Yes. You can change your PCP at any time but you have to make the change through your managed care organization (MCO). You will need to contact your MCO member services department for assistance in changing your PCP.

You may apply for Exchange coverage during its open enrollment period, beginning in October 2013.

If I have private insurance and Medicaid, do I have to participate in managed care?

Your Medicaid coverage will be provided by your Centennial Care managed care organization (MCO). If you also have private insurance, that is considered your primary insurance coverage and will be billed first. Medicaid may cover some services that your private insurance does not pay for. You should contact your MCO's member services unit and let them know that you have other insurance so they can help you coordinate the services you need.

Is Centennial Care the same as the Affordable Care Act (ACA)?

No. Centennial Care is the new name for the New Mexico Medicaid program. Under the ACA, some people who are not eligible for Medicaid may be able to receive federal subsidies that can help them buy other insurance coverage on the New Mexico Health Insurance Exchange.
