IV. ACTION

FINAL RULE

V. BACKGROUND

The Department is finalizing regulations that were proposed to the Supplemental Nutrition Assistance Program (SNAP) Simplified Reporting Requirements, mandatory SNAP Work Requirements, Employment and Training (E&T) program and the reinstatement of the Able Bodied Adults without Dependents (ABAWDs) requirements in the Human Services Register (HSR) Vol. 40 No. 4.

This HSR addresses comments received regarding the proposed sections Simplified Reporting Requirements, mandatory SNAP Work Requirements, Employment and Training (E&T) program and the reinstatement of the Able Bodied Adults without Dependents (ABAWDs) requirements.

NM Human Services Register Vol. 40 No. 14
A public hearing was held on April 28, 2017, where 6 people attended and 5 provided verbal comment. Written comments were also received. The comments and responses are summarized below.

**Comment:**
NMAC 8.139.100.7-(A)(15) – Certification Period. Refers to Subsection A of 8.139.120.9 NMAC, for the requirement that the certification period conform to calendar months and includes the requirement for completion of an interim report. However, Subsection A of 8.139.120.9 NMAC does not mention interim report forms.

**NMHSD Response:**
The Department changed the NMAC cite in the final rule to Subsection B of 8.139.120.9 NMAC - Household Responsibility to turn in Interim Report Form.

**Comment:**
NMAC 8.139.100.7 - (B)(27) – Define simplified reporting as the norm, not an alternative. Simplified Reporting is defined as “an alternative change reporting requirement.” In fact, NMAC 8.139.120.9 states simplified reporting is the standard reporting process adopted by HSD for all participants. We recommend using the following definition: simplified reporting is the system for reporting changes to household information during a SNAP participant’s certification period.

**NMHSD Response:**
The Department updated the definition of simplified reporting to state “is the reporting requirement for households that receive SNAP benefits”.

**Comment:**
NMAC 8.139.120.9(B)(1) and (B)(2) – Clarify that the deadline is for uninterrupted benefits. The 10th day in a month is the deadline to guarantee that participants will be able to continue to receive SNAP on their normal issuance schedule if they remain eligible per 7 CFR 273.12(a)(5)(iv).

**NMHSD Response:**
The Department added the statement “in order to receive uninterrupted benefits” at the end of 8.139.120.9(B)(1) and (B)(2) NMAC.

**Comment:** The Department received multiple comments similar to the following: Include other special assistance HSD is required to provide participants regarding simplified reporting pursuant to 7 CFR 273.12 (a)(5)(ii)(C) and (D). Federal law requires state agencies to provide special assistance in completing and filing interim reports to households whose adult members are mentally or physically disabled or are non-English speaking or otherwise lacking in reading and writing skills such that they cannot complete and file the required interim report. In addition, the state agency must inform participants of the appropriate telephone number which they may call to ask questions or to obtain help in completing the interim report. We recommend HSD include these critical federal requirements in this subsection.

**NMHSD Response:**
The Department added additional language under 8.139.120.9(C) NMAC, to read:
(3) Special assistance in completing and filing interim reports to households whose adult members are all either mentally or physically handicapped or are non-English speaking or otherwise lacking in reading and writing skills such that they cannot complete and file the required report; and
(4) A toll-free number which the household may call to ask questions or to obtain help in completing the interim report.

This information will be provided during training to all field staff so that they are aware of the requirements of “Special assistance in completing and filing periodic reports to households whose adult members are all either mentally or physically handicapped or are non-English speaking or otherwise lacking in reading and writing skills such that they cannot complete and file the required report.” The telephone number that applicants can call to ask questions or to obtain help will be provided on the form.

Comment:
HSD must provide certification materials in languages other than English and Spanish. Federal law requires state agencies to have certification materials available in the appropriate language and have bilingual staff or interpreters in “each individual certification office that provides service to an area containing approximately 100 single-language minority low-income households; and in each project area with a total of less than 100 low income households if a majority of those households are of a single-language minority.” HSD must develop estimates of the number of low income single-language minority households, both participating and not participating in SNAP, for each project area and certification office by using census data and knowledge of project areas and areas serviced by certification offices. HSD must seek information from community action agencies, planning agencies, migrant service organizations, and school officials. If those sources of information do not provide sufficient information, HSD must, for a six month period, record the number of single-language minority households that visit the office to make inquiries about the program, file a new application for benefits, or be recertified. Data on New Mexico shows that Bernalillo County alone has over 1,500 residents who speak Vietnamese and are not fluent in English. The New Mexico Asian Family Center reports they served over 100 Vietnamese families in 2016, almost all of whom were in Bernalillo County and had low to extremely low incomes. Refugee assistance agencies in New Mexico have data showing there are also a considerable number of Swahili, Arabic, Farsi, and Dari speakers in Bernalillo County. Census data shows that in McKinley County, over 6,800 residents speak Navajo and are not fluent in English. There are also significant numbers of Chinese and Korean speakers in several New Mexico counties. The undersigned organizations urge the Department to comply with the requirements of the law so that eligible families who speak languages other than English and Spanish have the required access to SNAP benefits.

NMHSD Response:
The Department received multiple comments regarding this concern. The Department is working with its Federal partners to ensure compliance with this requirement.

Comment:
The interim report form should state verification that participants must submit, not verification participants may submit. See 7 CFR 273.12(b)(2)(v). If HSD lists optional verification on the form, the form must specify that the verification is optional.

NMHSD Response:
The Department updated language in 8.139.120.9(D)(3) NMAC to state, “verification the household must submit with the form.”
Comment:
(F)(3)(b) – HSD must give more information to households when the Department determines information is questionable. If verification is questionable, HSD must follow the procedure at NMAC 8.100.130.12 (B) to notify the household that the verification is questionable and why it is questionable, the additional information which must be provided, the alternative methods of providing the information, the deadline for supplying the information, that the applicant will be allowed an extension of time to supply the information if requested, that the applicant should contact the worker if an extension is desired, that the applicant may discuss with the worker whether any other readily available verification is acceptable, that the worker is available to assist the applicant if the information is not readily available, and that a failure to supply the needed information or contact the worker by the deadline may result in a delay, a denial of eligibility or a reduction in benefits.

NMHSD Response:
The Department updated language in 8.139.120.9(F)(3)(b) NMAC to state: “in accordance with 8.100.130.12 NMAC”.

Comment:
Clarify gross income limit for simplified reporting. The draft regulation requires households to report when monthly gross income exceeds 130% of the federal poverty level and states the household shall use the monthly gross income limit for the household size that existed at the time of certification or recertification. For the majority of SNAP participants, the gross income limit at certification is 165% of the federal poverty level, so the second statement is misleading. We suggest changing the language to require households to report when “monthly gross income exceeds 130% of the federal poverty level for the household size at the time of certification or recertification.”

NMHSD Response:
The Department added additional language to 8.139.420.8 NMAC: “A categorically eligible household as defined in accordance with 8.139.420.8 NMAC, must report when its monthly gross income exceeds 165 percent of poverty level.”

Comment:
HSD should use the term questionable, as defined at NMAC 8.100.130.12, rather than creating a new term “unclear.”

NMHSD Response:
The Department has updated the definition section at 8.139.100 NMAC, to define “unclear.”

Comment:
Change Report Forms Must Be Given to Families with Paid Postage. HSD currently only provides change report forms upon request. Federal law requires that HSD provide a change report form “to newly certified households at the time of certification, at recertification if the household needs a new form; and a new form shall be sent to the household whenever a change report form is returned by the household.” The form must include information listed at 7 CFR 273.12(b)(1), including paid postage. This requirement should be added to HSD regulations and fully implemented by the Department.
NMHSD Response:
NMHSD has received clarification from the United States Department of Agriculture Food and Nutrition Services that as the Department has adopted simplified reporting requirements for all households, the inclusion of a paid postage is not required. This requirement applies to monthly reporting households as defined 7 CFR 273.12(a)(1).

Comment: The Department received multiple comments similar to the following:
HSD Regulations Must State whether it is implementing the 3-month Time Limit: NMAC 8.139.410.14 Requirements for Able Bodied Adults, as written, violates the State Rules Act and the Human Services Department Act because it does not state whether the time limit is in effect or not. State law prohibits the Department from enacting a regulation without following the provisions in the Human Services Department Act and the State Rules Act. A regulation is defined as “any rule, regulation, order, standard, statement of policy, including amendments thereto or repeals thereof issued or promulgated by any agency and purporting to affect one or more agencies besides the agency issuing such rule or to affect persons not members or employees of such issuing agency.” HSD’s decision whether to apply for and implement a three month limit on food assistance falls within this definition and must be entered into regulation following the process in the HSD Act. HSD currently does not require adults to be employed or meet a work requirement in order to obtain more than three months of SNAP. If the state changes the current eligibility requirements for SNAP, the state must do so through the regulatory process. Simply stating that the program is mandatory unless the state decides it is not mandatory does not provide the public with notice as to the requirements for SNAP eligibility that the Department is choosing to implement. Implement the three-month time limit waiver to the broadest extent possible: New Mexico has the highest unemployment in the United States. HSD should not penalize unemployed New Mexicans with a three-month limit on SNAP because there are not sufficient opportunities for employment or training that would allow an unemployed adult to meet the requirement. Further, there is no evidence that implementing this requirement increases nutrition or work outcomes for low income families. In fact, the opposite is true. Evidence from other states, which have lower unemployment rates than New Mexico, shows that thousands of ABAWDs lose SNAP benefits in the third month after the ABAWD time limit is imposed. Adults subject to the three-month limit have an average monthly income of about 19 percent of the poverty line (about $2,200 per year for a household of one in 2014), and typically don’t qualify for any other income support program. The undersigned organizations urge the Department to maintain the federal waiver of the three month time limit and continue to implement it so long as New Mexico qualifies.

NMHSD Response:
As stated in the rule, the program is mandatory at all times unless a statewide approved waiver is in place. Per 7 CFR 273.24, the time limit is always in effect. The ability to waive this requirement is contingent on the State of New Mexico’s unemployment data, a claim of lack of sufficient jobs and Food and Nutrition Services approval. The Department may not be able to predict when and if the State may qualify for a waiver with enough time to be in Federal compliance with 7 CFR 273.24 and have sufficient time for public notice through the regulatory process.

Comment: HSD Should Maintain the Current Time Clock Until It Expires: HSD’s current USDA approved time clock for implementing the three-month time limit is January 1, 2016 through December 31, 2018. HSD should maintain this time clock if the state decides to implement the three-month time limit prior to December 31, 2018. This would allow the state to implement the time limit and allow
participants to regain eligibility in January of 2019, at which time the clock would start again for a new three year period. This option lessens the negative impact of any newly implemented requirements because disqualified participants will have an earlier opportunity to regain eligibility as the state is adjusting to the new requirements.

**NMHSD Response:**
The Department has taken the option to reset the ABAWD fixed clock with an effective date as of June 1, 2017 through May 31, 2020 and every subsequent fixed three year period. By the department resetting the clock effective June 1, 2017, this erases any countable months that ABAWDs accrued during the months of January and February of 2016. If the three-month time limit is re-implemented a new time limit will start when it is re-implemented.

**Comment:**
Interviews: Under Joint cash/SNAP interviews to be a single interview conducted concurrently, Out of office and Hardships conditions including application information and verification responsibility by ISD appears to be steps in the right direction. The written and oral explanations for Simplified Reporting requirements under NMAC will need to be seen. It appears the reorganization of the various reporting responsibilities and requirements re-appear as restatements of the same requirements as before. The medical expenses verification from 'other than a household source' would best be clarified by an example.

**NMHSD Response:**
The Department has received this comment and addressed relevant areas to provide clarity.

**Comment:**
SNAP Work Requirements: Under General work requirements it states 'ISD will administer the general work requirements in accordance with 7 CFR 273.7. We can assume this CFR will be made available in writing and verbally to meet Section C, under, Compliance with general work - requirements. This section requires a Head of Household signature, participation to the extent required by law, participate in workfare program, if assigned by the department and informing ISD and E&T provider with information. There appears to be more questions on how these compliance requirements can be satisfied.

**NMHSD Response:**
Code of Federal Regulations is accessible to the public and can be located at:

https://www.ecfr.gov/cgi-bin/text-idx?SID=6d75b4f4af475f26c8088451ec9b6759b&mc=true&node=se7.4.274_11&rgn=div8

**Comment:**
SNAP Employment and Training Program: Voluntary participation and reimbursement for transportation costs as determined by ISD are agreeable as proposed based on implementation challenges from previous E&T requirements. 'Good Cause' remaining in the regulations is useful. It is unknown what the 15% exemptions are under FNS and as determined by ISD in accordance with 7CFR 273.24(g).
NMHSD Response:
In accordance with 7 CFR 273.24(g), for each fiscal year, a State agency may provide a number of exemptions such that the average monthly number of exemptions in effect during the fiscal year does not exceed 15 percent of the number of covered individuals in the State, as estimated by FNS. When the State is granted its 15 percent exemptions, it will be determined how they will be utilized, based on our ABAWD population, at that time.

Comment:
Requirements for Able Bodied Adults: Is there a statewide waiver in place or planned for? What is the 36 month measurement and tracking purposes starting June 1st comprised of mandatory requirements if only a statewide waiver is not in place? Waiver from time limit requirements: ISD will waive the three month time limit for (#2) any individual residing in or relocating to Pueblo, Tribes and Nations with an estimated employment to population ratio as a measure for insufficient job availability as determined by ISD. It is suggested that explanation of this formula be discussed and tribal employment data be used.

Utilize Clock Until It Expires: HSD’s current USDA approved time clock for implementing the three-month time limit is January 1, 2016 through December 31, 2018. HSD should maintain this time clock if the state decides to implement the three-month time limit prior to December 31, 2018. This would allow the state to implement the time limit and allow participants to regain eligibility in January of 2019, at which time the clock would start again for a new three year period. This option lessens the negative impact of any newly implemented requirements because disqualified participants will have an earlier opportunity to regain eligibility as the state is adjusting to the new requirements.

NMHSD Response:
The Department currently has a state-wide waiver approved through February 2018 at which time the Department will reevaluate its option to request a subsequent waiver. NMHSD has requested that the 36 month clock for ABAWDs begin June 1, 2017, which will allow ABAWDs to have a new set of countable months applied once the ABAWD waiver expires and the ABAWD requirements are implemented. NMHSD will utilize the fixed tracking method and will apply this method uniformly to all ABAWDs subject to the 20 hour a week requirement, once approved.

Comment:
Under C-Simplified Reporting: the various types of income described such as Income methodology specified in the NMAC, held wages, earned income, unearned income, frequencies of income, contract and educational income explanations, exact incomes will need face to face verbal and example explanations.

NMHSD Response:
The Department has received this comment and will consider it for training, but including the information in this regulation was not appropriate.

Comment:
Establishing Certification Periods: The time limits, expiration dates, one month certifications and activities such as timely informing the household on their status should be 10 days. It appears 10 days is universally used as a response time throughout the document but not in this section.
**NMHSD Response:**
The applicant is informed at the time of interview which certification period that they are assigned to, expiration dates, reporting requirements, and all other requirements that the Department is required to provide.

**Comment:**
*Reporting requirements during the Transitional Benefit period: The acronym 'TFS' is not on your acronym list.*

**NMHSD Response:**
The Department updated the acronym and definition list to include TFS: Transitional Food Stamps.

**Comment:**
*Include the procedure required by NMAC 8.100.130.12(B) when HSD determines information provided is questionable.*
*NMAC 8.100.130 provides the general operating policies for all public assistance programs and therefore must be followed in the SNAP program. We recommend HSD either include the language from NMAC 8.100.130.12(B) verbatim or reference it in NMAC 8.139.120.9(F)(3)(b) so that all of requirements are included. Omitting some of the required information does not provide adequate notice to families who may have difficulty understanding the requirements.*

**NMHSD Response:**
The Department has received this comment and the information already exists in regulation.

**Comment:**
The Department received additional guidance from the United States Department of Agriculture Food and Nutrition Services regarding the following sections of the proposed rule:
- Missing content from Subsection G of 8.139.120.5 NMAC. *If there are not 10 days remaining in the month, the household must report within 10 days from receipt of the payment.*
- Additional clarification and content needed in Subsection J of 8.139.120.9 NMAC, regarding procedures on resolving unclear information.

**NMHSD Response:**
The Department has amended 8.139.120.5 NMAC and 8.139.120.9 NMAC to reflect the additional guidance from the United States Department of Agriculture Food and Nutrition Services.

An adequate notice may be received prior to an action to reduce benefits, or at the time reduced benefits will be received, or if benefits are terminated, at the time benefits would have been received if they had not been terminated. In all cases, participants have 13 days from the mailing or electronic distribution date of the notice to request that benefits be restored to their previous level pending the outcome of an administrative hearing.

(7) **Benefit month:** means the month for which SNAP benefits have been issued. This term is synonymous with issuance month defined below.

(10) **Boarding house:** means a commercial establishment, which offers meals and lodging for compensation with the intention of making a profit.
The number of boarders residing in a boarding house is not used to establish if a boarding house is a commercial enterprise.

It also means general assistance (GA), cash payments financed by state or local funds made to adults with no children who have been determined disabled, or to children who live with an adult who is not related. CA households composed entirely of TANF, GA or SSI recipients are categorically eligible for SNAP.

[(45)] (14) **Certification:** means the authorization of eligibility of a household and issuance of SNAP benefits.

[(46)] (15) **Certification period:** means the period assigned for which a household is eligible to receive SNAP benefits. The certification period shall conform to calendar months and includes the requirement for the completion of an interim report in accordance with Subsection B of 8.139.120.9 NMAC, [to be completed in the sixth month for semi-annual reporting households and the twelfth month for annual reporting households.]

[(23)] (22) **Date of entry:** means the date established by the United States citizenship and immigration services as the date an alien (or sponsored alien) was admitted for permanent residence.

These include ineligible aliens, individuals disqualified for failure to provide an SSN or to comply with the work requirements, and those disqualified for intentional program violation. The resources and income (counted in whole or in part) of these individuals shall be considered available to the remaining household members.

[33] (32) Expedited services: means the process by which households reporting little or no income or resources shall be provided an opportunity to participate in the FSP, no later than the seventh calendar day following the date the application was filed.

[34] (33) Expungement: means the permanent deletion of SNAP benefits from an EBT account that is stale.

In order to develop maximum SNAP benefit amounts, the USDA makes adjustments for household size taking into account the economies of scale and other adjustments as required by law. The MFSA is used to determine if a boarder is paying reasonable compensation for services. The maximum SNAP allotment (MFSA) was previously named the thrifty food plan (TFP).

(3) **Meal delivery service:** means a political subdivision, a private nonprofit organization, or a private establishment with which a state or local agency has contracted for the preparation and delivery of meals at concession prices to elderly persons, and their spouses, and to the physically or mentally handicapped, and to persons otherwise disabled, and their spouses, such that they are unable to adequately prepare all of their meals.

In making this evaluation, the entire household membership shall be considered, even those who are excluded or disqualified but whose income must be counted for eligibility and benefit amount determination. For purposes of determining noncompliance with the SNAP work requirements, including employment and training components, voluntary quit, and work-fare, the head of household is the principal wage earner unless the household has selected an adult parent of children (of any age) or an adult with parental control over children (under age 18) as the designated head of household as agreed upon by all adult members of the household. 8.139.110.11 INTERVIEWS

A. Purpose and scope of interview: The interview is an official and confidential discussion of household circumstances with the applicant. It is intended to provide the applicant with program information, and the worker with the facts needed to make a reasonable eligibility determination. The interview is not simply to review the information on the application, but also to explore and clarify any unclear and incomplete information. The scope of the interview shall not extend beyond examination of the applicant's circumstances that directly relate to determining eligibility and benefit amounts. The interview shall be held prior to disposition of the application.

B. Joint cash assistance/SNAP interview: At initial application for cash assistance (CA), a single interview shall be conducted concurrently for both cash assistance and SNAP benefits if the client wishes to apply for both programs. Federal SNAP regulations specifically provide that applicants for both programs shall not be required to see a different ISD worker or be otherwise subjected to two interviews in order to obtain the benefits of both programs. Following the single interview, the application may be processed by separate workers to determine eligibility for SNAP benefits and cash assistance. In an expedited SNAP certification situation, a second interview is permitted if an immediate interview for cash assistance cannot be arranged.

C. Individuals interviewed: Applicants, including those who submit applications by mail, shall be interviewed in person at the local ISD office. When circumstances warrant, the household shall be interviewed by telephone, or at another place reasonably accessible and agreeable to both the applicant and ISD. The applicant may bring any person he chooses to the interview.

D. Out of office interviews:
   (1) An SNAP applicant shall not be required to have an initial office interview if the applicant is unable to appoint an authorized representative and the household has no member(s) able to come to ISD because the member(s) is elderly or disabled, as defined.
   (2) The initial office interview can also be waived if requested by any household that is unable to appoint an authorized representative who is willing and able to perform this function, and who lives in a location not served by a certification office.
(3) **Hardship conditions:** The office interview for SNAP households shall be waived when the applicant meets one of the following conditions:

(a) [ever] older than the age of 60;
(b) disabled;
(c) employed 20 or more hours per week;
(d) has a dependent child [under] younger than the age of six;
(e) has transportation difficulties;
(f) illness;
(g) care of a household member;
(h) resides in a rural area;
(i) prolonged severe weather;
(j) other hardship identified as situations warrant; as authorized by the county director.

(4) A face-to-face interview must be granted to any recipient who requests one.

**E. Face-to-face/telephone interviews:** A household must have a face-to-face interview at initial certification and at least once every 12 months thereafter.

(1) A household certified for longer than 12 months is excluded.

(2) At recertification, a household is considered to have met the face-to-face requirement when alternative recertification interviews are conducted by telephone.

(3) No household shall have the face-to-face interview waived for two consecutive recertifications.

(4) The requirement for a face-to-face interview may be waived on a case-by-case basis because of household hardship conditions.

**F. Applicant information:** During the application interview all reasonable steps shall be taken to make the applicant feel at ease and protect the applicant’s right to privacy.

(1) All applicants shall be provided with the following information at initial certification and recertification:

(a) ISD's nondiscrimination policy and procedures;
(b) complaint and fair hearing procedures and clients' rights;
(c) program procedures, including the use of IEVS, SDX, BENDEX information, and CSED and MVD interfaces;
(d) application processing standards, including time limits;
(e) procedures in cases of over-issuance or under-issuance;
(f) requirement for cooperation with quality control reviewers (QC), including penalties for non-cooperation;
(g) work requirements and penalties for non-cooperation, including voluntary quit and associated penalties;
(h) responsibility to contact the local ISD office to reschedule missed appointments; and
(i) exemption from gross receipts tax collection by the retailer on eligible food purchased with SNAP benefits.

(j) For households applying for cash assistance programs and SNAP, ISD must explain that limits and other requirements that apply to the receipt of cash benefits do not apply to the receipt of SNAP benefits.
(k) ISD has a responsibility to help applicants obtain verification if the applicant indicates that the verification may be difficult for the applicant to obtain and offer to assist with obtaining verification if it appears the household will not be able to obtain it.

(l) ISD will provide an explanation of information that still needs to be verified and how to verify in accordance with 8.100.130.9 NMAC and 8.100.130.10 NMAC.

(m) Review all information that ISD has on file and will not require further verification of eligibility factors already established that are not subject to change.

(n) ISD will review all household information received from data scans with the household during the interview and will not require further verification unless it is questionable or outdated.

(o) Certified change reporting requirements for households assigned to certified change reporting including the following:

(i) A written and oral explanation of how certified change reporting works as defined at 8.139.120.12 NMAC;

(ii) A written and oral explanation of the reporting requirements which includes: what needs to be reported and verified, how to obtain assistance, timeframe for reporting changes, and the consequences of failing to report. Certified change reporting requirements are found at 8.139.120.12 NMAC.

(2) Fair hearing information:

(a) Notification of right to request hearing: At the time of application each household shall be informed in writing of its right to a hearing, of the method by which a hearing may be requested, and that its case may be presented by a household member or representative, such as a legal counsel, relative, friend or other individual.

(b) Periodic notification: At any time a household informs the local office that it disagrees with an HSD action, the household shall be reminded of the right to request a fair hearing.

(c) Forwarding hearing request: A request for a hearing made either orally or in writing by a household or representative shall be forwarded to the fair hearings bureau. If it is unclear from a request what action a household or representative wishes to appeal, a clarification may be requested by HSD. The freedom to make a request for a hearing shall not be limited or interfered with in any way.

(d) Providing a hearing: The fair hearing process shall be available to any household which feels an action taken by HSD is incorrect, and which affects participation of the household in the SNAP.
(e) **Other representation:** If there is an individual or organization available that provides free legal representation, the household shall be informed of the availability of that source.

(3) **Agency conference information:** A household shall be informed of the availability of an agency conference to resolve a dispute. HSD shall schedule an agency conference for a household when a dispute arises.

(a) **Denial of expedited service:** An agency conference shall be offered to a household which wishes to contest a denial of expedited service. An agency conference for such a household shall be scheduled within two working days, unless the household requests that it be scheduled later or states that it does not wish to have an agency conference.

(b) **Adverse actions:** ISD may also offer an agency conference to a household adversely affected by an ISD action.

(c) **Use of agency conference:** ISD shall inform a household that use of an agency conference is optional and that it shall in no way delay or replace the fair hearing process.

**G. Scheduling interviews:** ISD will schedule an interview to be held within 10 working days of the date the application was received that is, to the extent possible, convenient for both the applicant and ISD. The application received date is the first day the application is received within regular business hours. ISD will provide the applicant with a written appointment letter that will include: the date, time and place of the appointment, the name and telephone number of the local county office, the consequences of missing an appointment, how to reschedule an appointment, the possibility of a telephone interview, and that the spouse, any other responsible person in the household, or an authorized representative may attend the interview with the applicant or in the applicant's place.

**H. Missed interviews:** ISD shall notify a household that it missed its first interview appointment and that the household is responsible for rescheduling a missed interview. ISD shall send the household a notice of missed interview that may be combined with the notice of denial. If a household misses its scheduled interview and requests another interview, the ISD shall schedule a second interview. The household is responsible for rescheduling a missed interview. If the household requests a second interview ISD within the 30-day application-processing period, ISD shall schedule a second interview. When the applicant contacts the local ISD office, either orally or in writing, ISD shall reschedule the interview as soon as possible within the 30-day processing period, without requiring the applicant to provide good cause for failing to appear. If the household is determined eligible, benefits will be pro-rated from the date of application. If the applicant does not contact the office or does not appear for the rescheduled interview, the application shall be denied on the 30th day (or the next work day) after the application was filed (see Section 8.139.110.12 NMAC).

8.139.120.9 SIMPLIFIED REPORTING: [Simplified reporting includes two types of reporting requirements for households that receive food stamp benefits. Semiannual and annual reporting.]

A. Household responsibilities at application:

(1) An applicant must report all changes affecting eligibility and food stamp benefit amount that may have occurred since the date the application was filed and before the date of the certification interview.

(2) Changes occurring after the interview must be reported by the household subject to simplified reporting requirements contained in this section.

B. Households excluded from simplified reporting:

(1) The following households are excluded from simplified reporting, shall be certified for no longer than three months and are subject to the reporting requirements at 8.139.120.12 NMAC:

(a) a household in which all members are ABAWDs;

(b) a household in which all members are elderly or disabled with earned income;

(c) a household in which all members are migrant or seasonal farm workers.

(2) A household in which all members are elderly or disabled as defined at 8.139.100.7 NMAC or are determined to be categorically eligible as defined at Subsection A of 8.139.120.8 NMAC shall be assigned a 24 month reporting period with an interim report due at 12 months.

(3) A household may report an increase in medical expenses for a household member eligible to claim a medical deduction. Food stamp benefits will be adjusted in the month following the month in which the change is reported and verified by the caseworker.

(4) The household’s food stamp benefit amount will be adjusted in accordance with the mass change requirements as set forth in 8.139.120.13 NMAC.

C. Certification periods for households assigned to simplified reporting:

(1) The following households shall be assigned a semiannual-12 month reporting period with an interim report due at 6 months:

(a) a household in which all members are ABAWDs;

(b) a household in which all members are elderly or disabled with earned income;

(c) a household in which all members are migrant or seasonal farm workers.

(2) A household in which all members are elderly or disabled as defined at 8.139.100.7 NMAC or are determined to be categorically eligible as defined at Subsection A of 8.139.120.8 NMAC shall be assigned a 24 month reporting period with an interim report due at 12 months.

D. Applicant household:

A household that is approved for food stamp benefits on or after October 1, 2008 shall be assigned a certification period in accordance with the household’s circumstances as stated at Subsection C of 8.139.120.9 NMAC; retroactive to the month of application.

E. Participating household:

If a household reports a change that makes them ineligible for simplified reporting, they shall be assigned an alternative reporting period when they file an interim report or recertify, whichever comes first.

F. Reporting changes for simplified reporting households:

A household assigned to simplified reporting must report during its certification period, when the household’s income reaches or exceeds the food stamp program monthly gross income
limit for the size of the household. A household is required to report the change no later than 10 calendar days from the end of the calendar month in which the change occurred. All households will be assigned to simplified reporting (SR). Households must submit an interim report once every six or twelve months, depending on their certification period. Households assigned to a 12-month certification period have an interim report form due at six months. Households assigned to a 24-month certification period have an interim report form due at 12 months.

A. Household Certification Periods: A household that is approved for SNAP benefits shall be assigned the longest certification period possible in accordance with the household’s circumstances. Households wherein all adult members are elderly or disabled, with no earned income, will be assigned a 24-month certification period. All other households will be assigned a 12-month certification period.

B. Household responsibility to turn in interim report form:

(1) A household assigned to a 12-month certification period shall be required to file an interim report form no later than the tenth day of the sixth month of the certification period in order to receive uninterrupted benefits.

(2) A household assigned to a 24-month certification period shall be required to file an interim report form no later than the tenth day of the twelfth month of the certification period in order to receive uninterrupted benefits.

C. Information that ISD is responsible to provide to households regarding simplified reporting: At the initial certification and at recertification, ISD shall provide the household with the following:

(1) A written and oral explanation of how simplified reporting works;

(2) A written and oral explanation of the reporting requirements including:

(a) what needs to be reported and verified;

(b) when the interim report form is due;

(c) how to obtain assistance; and

(d) the consequences of failing to file an interim report form.

(3) Special assistance in completing and filing interim reports to households whose adult members are all either mentally or physically handicapped or are non-English speaking or otherwise lacking in reading and writing skills such that they cannot complete and file the required report; and

(4) A toll-free number which the household may call to ask questions or to obtain help in completing the interim report.

D. Information requirements for the interim report form: The interim report form will be written in clear, simple language, include information on the availability of a bilingual version of the document described in 7 CFR 272.4(b), and shall specify:

(1) the deadline date to submit the form to ISD to ensure uninterrupted benefits if the household is determined eligible;

(2) the consequences of submitting a late or incomplete form including whether ISD shall delay benefits if the form is not received by the due date;

(3) verification the household must submit with the form;

(4) a statement to be signed by a member of the household indicating his or her understanding that the information provided may result in a reduction or termination of benefits;

(5) where to call for help in completing the form.
(6) a statement explaining that ISD will not change certain deductions until the household's next recertification and identify those deductions if ISD has chosen to disregard reported changes that affect certain deductions in accordance with paragraph (c) of section 7 CFR 273.12;

(7) a brief explanation of fraud penalties; and

(8) how the agency may use social security numbers.

E. The following information, along with required verification, must be returned to ISD with the interim report form:

(1) a change of more than one hundred dollars ($100) in the amount of unearned income, except changes relating to public assistance (PA) or general assistance (GA) programs when jointly processed with SNAP cases;

(2) a change in the source of income, including starting or stopping a job or changing jobs, if the change in employment is accompanied by a change in income;

(3) changes in either:

(a) the wage rate or salary or a change in full-time or part-time employment status as defined in Subsection C of 8.102.461.11 NMAC, provided the household is certified for no more than six months; or

(b) a change in the amount earned of more than one hundred dollars ($100) a month from the amount last used to calculate the household's allotment, provided the household is certified for no more than six months.

(4) all changes in household composition, such as the addition or loss of a household member;

(5) changes in residence and the resulting shelter costs;

(6) the acquisition of a licensed vehicle, unless the household is categorically eligible as defined at Sections 8 and 9 of 8.139.420 NMAC or the vehicle is not fully excludable under 8.139.527 NMAC;

(7) when cash on hand, stocks, bonds and money in a bank account or savings institution reach or exceed the resource limit set at 8.139.510.8 NMAC, unless the household is categorically eligible as defined at Sections 8 and 9 of 8.139.420 NMAC;

(8) changes in the legal obligation to pay child support; and

(9) for able-bodied adults subject to the time limit of 7 CFR 273.24, any changes in work hours that bring an individual below 20 hours per week, averaged monthly, as defined in 7 CFR 273.24(a)(1)(i).

F. ISD's responsibility with interim report forms:

(1) Interim report form is not received: If a household fails to file a report by the specific filing date, defined in Subsection B of 8.139.120.9 NMAC, ISD will send a notice to the household advising of the missing report no later than 10 calendar days from the date the report should have been submitted. If the household does not respond to the notice, the household's participation shall be terminated.

(2) Incomplete interim report form is received:

(a) An interim report form that is not signed shall be returned to the household for a signature. The household:

(i) shall be notified that the form is incomplete;

(ii) what needs to be completed to complete the interim report form; and

(iii) shall be given 10 calendar days to provide the
signed interim report form to be reviewed for completeness.

(b) An interim report form that is incomplete because required verification is not provided shall not be returned to the household. The household:

(i) shall be notified that the form is incomplete;

(ii) what information must be provided to complete the interim report form; and

(iii) shall be given 10 calendar days to provide the verification to process the interim report form.

(3) Complete interim report form is received:

(a) A form that is complete and all verifications are provided, shall be processed within 10 calendar days of receipt.

(b) A form that is complete, and all verifications are provided except for verification of an allowable deduction, shall be processed, unless the verification is otherwise questionable, in accordance with 8.100.130.12 NMAC. The household:

(i) shall be notified that verification is questionable; and

(ii) shall be given 10 calendar days to provide the verification to process the allowable deduction.

(c) A deduction that is verified within the month the interim report form is due shall be processed as part of the interim report form.

(d) A deduction that is verified in the month after the interim report form is due shall be processed as a change reported by the household.

(e) If the household files a timely and complete report resulting in reduction or termination of benefits, ISD shall send a notice of case action. The notice must be issued so that the household will receive it no later than the time that its benefits are normally received. If the household fails to provide sufficient information or verification regarding a deductible expense, ISD will not terminate the household, but will instead determine the household's benefits excluding the deduction from the benefit calculation.

G. Changes that must be reported at any time during certification period: Households must report changes no later than 10 days from the end of the calendar month in which the change occurred, provided that the household has at least 10 calendar days within which to report the change. If there are not 10 days remaining in the month, the household must report within 10 days from the date the work hours fall below 20 hours per week, averaged monthly or when income exceeding the gross federal poverty limit as mentioned below is first received. The interim report form is the sole reporting requirement for any information that is required to be reported on the form, except that a household must report at any time during the certification period:

(1) The household must report when its monthly gross income exceeds one hundred thirty percent of poverty level. A categorically eligible household defined in accordance with 8.139.420.8 NMAC, must report when its monthly gross income exceeds one hundred sixty-five percent of poverty level. The household shall use the monthly gross income limit for the household size that existed at the time of certification or recertification regardless of any subsequent changes to its household size; and

(2) Able-bodied adults subject to the time limit in accordance with 7 CFR 273.24 shall report whenever their work hours fall below 20 hours per week, averaged monthly.
H. Action on changes reported outside of the interim report form: In addition to changes that must be reported in accordance with Subsection G of 8.139.120.9 NMAC, ISD must act on changes in between interim report forms, if it would increase the household’s benefits. ISD shall not act on changes that would result in a decrease in the household’s benefits unless:

1. The household has voluntarily requested that its case be closed;
2. ISD has information about the household’s circumstances considered verified upon receipt. Verified upon receipt is defined:
   (a) information is not questionable; and
   (b) the provider of the information is the primary source of information; or
   (c) the recipient’s attestation exactly matches the information received from a third party.
3. A household member has been identified as a fleeing felon or probation violator in accordance with 7 CFR 273.11(n);
4. There has been a change in the household’s cash grant, or where cash and SNAP cases are jointly processed in accordance with 7 CFR 273.2(i)(2).

I. Responsibilities on reported changes outside of the interim report form: When a household reports a change, ISD shall take action to determine the household’s eligibility or SNAP benefit amount within 10 working days of the date the change is reported.

1. During the certification period, action shall be taken on changes to medical expenses of households eligible for the medical expense deduction which ISD learns of from a source other than the household and which, in order to take action, requires ISD to contact the household for verification. ISD shall act only on those changes in medical expenses that it learns about from a source other than the household, if those changes are verified upon receipt and do not necessitate contact with the household.

2. Decreased or termination of benefits: For reported and verified changes that result in a decrease or termination of household benefits, ISD shall act on the change as follows:
   (a) Issue a notice of adverse action within 10 calendar days of the date the change was reported and verified unless one of the exemptions to the notice of adverse action in 7 CFR 273.13 (a)(3) or (b) applies.
   (b) When a notice of adverse action is used, the decrease in the benefit level shall be made effective no later than the allotment for the month following the month in which the notice of adverse action period has expired, provided a fair hearing and continuation of benefits have not been requested.
   (c) When a notice of adverse action is not used due to one of the exemptions in 7 CFR 273.13 (a)(3) or (b), the decrease shall be made effective no later than the month following the change. Verification which is required by 7 CFR 273.2(f) must be obtained prior to recertification.

3. Increased benefits: For reported and verified changes that result in an increase of household benefits, ISD shall act on the change as follows:
   (a) For changes which result in an increase in a household’s benefits, other than changes described in paragraph (b) of this section, ISD shall make the change effective no later than the first allotment issued 10 calendar days after the date the change was reported to ISD.
(b) For changes which result in an increase in a household's benefits due to the addition of a new household member who is not a member of another certified household, or due to a decrease of fifty dollars ($50) or more in the household's gross monthly income, ISD shall make the change effective not later than the first allotment issued 10 calendar days after the date the change was reported.

(i) In no event shall these changes take effect any later than the month following the month in which the change is reported.

(ii) If the change is reported after the last day to make changes and it is too late for ISD to adjust the following month's allotment, ISD shall issue a supplement or otherwise provide an opportunity for the household to obtain the increase in benefits by the tenth day of the following month, or the household's normal issuance cycle in that month, whichever is later.

(4) No change in SNAP benefit amount: When a reported change has no effect on the SNAP benefit amount, ISD shall document the change in the case file and notify the household of the receipt of the report.

(5) Providing verification: The household shall be allowed 10 calendar days from the date a change is reported to provide verification, if necessary. If verification is provided at the time a change is reported or by the deadline date, the increase in benefits shall be effective in accordance with (a) and (b) above. If the household fails to provide the verification by the deadline date, but does provide it at a later date, the increase shall be effective in the month following the month the verification is provided. If the household fails to provide necessary verification, its' SNAP benefit amount shall revert to the original benefit amount.

J. Resolving unclear information:

(1) During the certification period, ISD may obtain information about changes in a household's circumstances from which ISD cannot readily determine the effect of the change on the household's benefit amount. The information may be received from a third party or from the household itself. ISD must pursue clarification and verification of household circumstances using the following procedure if unclear information received outside the periodic report is:

(a) information fewer than 60 days old relative to the current month of participation; and,

(b) if accurate, would have been required to be reported under simplified reporting rules, in accordance with 8.139.120.9 NMAC.

(c) ISD must pursue clarification and verification of household circumstances in accordance with the process outlined in Subsection B of 8.100.130.12 NMAC, for any unclear information that appears to present significantly conflicting information from that used by ISD, at the time of certification.

(2) Unclear information resulting from certain data matches:

(a) if the department receives match information from a trusted data source as described in 7 CFR 272.13 or 7 CFR 272.14, ISD shall send a notice in accordance with Subsection B of 8.100.130.12 NMAC in accordance with 7 CFR 272.13(b)(4) and 7 CFR 272.14 (c)(4). The notices must clearly explain what information is needed from the household and the consequences of failing to respond to the notice.

(b) if the household fails to respond to the notice or does respond but refuses to provide sufficient information to clarify its circumstances, ISD shall remove the individual and the individual's income from the household and adjust
benefits accordingly. As appropriate, ISD shall issue a notice of adverse action.

K. Failure to report changes: If ISD discovers that the household failed to report a change as required, ISD shall evaluate the change to determine whether the household received benefits to which it was not entitled or if the household is entitled to an increased benefit amount.

(1) Decreased benefit amount: After verifying the change, ISD shall initiate a claim against the household for any month in which the household was over issued SNAP benefits. The first month of the over issuance is the month following the month the adverse action notice time limit would have expired had the household timely reported the change. If the discovery is made within the certification period, the household is entitled to a notice of adverse action if its benefits will be reduced. No claim shall be established because of a change in circumstances that a household is not required to report in accordance with Subsection G of 8.139.120.9 NMAC above.

(2) Increased benefit amount: When a household fails to make a timely report of a change which will result in an increased SNAP benefit amount, the household is not entitled to a supplement for any month prior to and including the month in which the change was reported. The household is entitled to an increased benefit amount effective no later than the first benefit amount issued 10 calendar days after the date the change was reported.

(4) Recertification: Eligibility and amount of payment shall be
determined prospectively for each of the six months following the last month of the
previous certification period.

D. Determining a household’s eligibility and food stamp benefit amount:

(1) Income received weekly, bi-weekly, semi-monthly or monthly:

estimate of monthly earnings due to unique circumstances, the caseworker shall use
whatever method gives the most accurate estimate of earnings.

(4) Income received less frequently than monthly: The amount of
monthly gross income that is received less frequently than monthly shall be determined
by dividing the total income by the number of months the income is intended to cover,
including but not limited to income sources from sharecropping, farming, self-

have a contract.

(5) Self-employment:

its last approval or recertification of food stamps.

(c) A household assigned to semiannual reporting whose self-
employment income is not annualized must report self-employment income on the semiannual report. The income reported on the semiannual report will be calculated in the following manner:

(i) When a self-employment enterprise has been in existence for less than one year, the income from self-employment shall be averaged over the period of time the business has been in operation. The resulting monthly amount shall be projected for the six-month period covered by the semiannual report.

(ii) Seasonal income: Self-employment income that is intended to meet a household’s needs for only part of the year shall be averaged over the time the income is intended to cover.

(a) income received on a weekly basis is averaged and multiplied by 4.0;

(b) income received on a biweekly basis is averaged and multiplied by 2.0;

(c) averaged income shall be rounded to the nearest whole dollar prior to application of the conversion factor; amounts resulting in $.50 or more are rounded up; amounts resulting in $.49 or lower are rounded down.

(7) Effective April 1, 2010, changes to earned and unearned income shall be calculated using the conversion factors at Subsection D of 8-139.120.10 NMAC provided new income is reported to the agency and verified by the household. All other households will have the income calculated at the next interim report or recertification.

(2) the consequences of submitting a late or incomplete form;

(3) that verification of some allowable expenses may be required in order for the deduction to be allowed;

(4) where to call for help in completing the form;

(5) the consequences of providing incorrect information;

(6) the notice of rights.

H. I. Reporting requirement for semiannual reporting households: A household assigned to semiannual reporting shall only be required to report when the household's gross income exceeds the federal poverty guidelines for the size of the household. A household is required to report the change no later than 10 calendar days from the end of the calendar month in which the change occurred.

J. Action on changes reported between reporting periods for households assigned to semiannual reporting: The department shall not act on reported changes between reporting periods that would result in a decrease in benefits with the following exceptions:

If the certification period will expire before the expiration of the adverse action time limit, no action shall be required to reduce or terminate benefits.

(c) During the certification period, the caseworker shall not act on changes in medical expenses of households eligible for the medical expense deduction which it learns of from a source other than the household and which, in order to take action, requires the caseworker to contact the household for verification. The caseworker shall act only on those changes in medical expenses that are learned about from a source other than the household, if those changes are verified upon receipt and do not necessitate contact with the household.

(2) Increased benefits:

(a) For changes resulting in an increase, other than changes described in (b) below, the caseworker shall make the change effective no later than the first benefit amount issued 10 days after the date the change was reported (conforms to ISD2 mass run date).

In no event shall these changes take effect any later than the month following the month the change was reported. If the change is reported timely but the increase cannot be made effective the following month, the caseworker shall issue a supplement to the household in the following month.

(c) Proving verification: The household shall be allowed 10 days from the date a change is reported to provide verification, if necessary. If verification is provided at the time a change is reported or by the deadline date, the increase in benefits shall be effective in accordance with (a) and (b) above. If necessary verification is not provided at the time a change is reported, the household shall be allowed 10 days, plus 3 days if a notice is mailed, to provide verification. If the household fails to provide the verification by the deadline date, but does provide it at a later date, the increase shall be effective in the month following the month the verification is provided. If the household fails to provide necessary verification, its SNAP benefit amount shall revert to the original benefit amount.

(3) Decreased benefits: When a household timely reports a change which will decrease benefits, the caseworker shall issue an adverse action notice to the household (Subsection B of 8.139.120.15 NMAC). If the adverse action time limit expires in the following month, there is no overissuance in the following month and the household is entitled to the greater benefit amount. The decrease shall be effective in the
month following the month the notice expires:

(4) Termination of benefits: When the household reports a change that will result in a termination of benefits, the caseworker shall issue an adverse action notice.

(a) If the adverse-action time limit expires in the following month, there is no overissuance to the household in the following month and the household shall be entitled to the greater benefit amount. No claim shall be filed.

(b) If the adverse-action time limit will expire after the certification period ends, action shall be taken to terminate benefits; the certification period shall be allowed to expire. The caseworker shall document the change in the case record.

(5) No change in SNAP benefit amount: When a reported change has no effect on the SNAP benefit amount, the caseworker shall document the change in the case file and notify the household of the receipt of the report and that there is no change in SNAP benefits.

E. Failure to report changes:

(1) If the caseworker discovers that the household failed to report a change as required, the caseworker shall evaluate the change to determine whether the household received benefits to which it was not entitled. After verifying the change, the caseworker shall initiate a claim against the household for any month in which the household was overissuanced SNAP benefits. The first month of the overissuance is the month following the month the adverse action notice time limit would have expired had the household timely reported the change. If the discovery is made within the certification period, the household is entitled to a notice of adverse action if its benefits will be reduced. No claim shall be established because of a change in circumstances that a household is not required to report in accordance with Paragraph (2) of Subsection B of §139.120.12 NMAC above.

(2) Increased benefit amount: When a household fails to make a timely report of a change which will result in an increased SNAP benefit amount, the household is not entitled to a supplement for any month prior to and including the month in which the change was reported. The household is entitled to an increased benefit amount effective no later than the first benefit amount issued 10 days after the date the change was reported.

An adverse action notice is required whenever members leave the household. If the notice of adverse action time limit expires in the month following the month the change occurred, the reconstituted household shall not be certified until the month following the month the notice time limit expires.

(3) Shortened certification period: Whenever a determination is
made that a household's certification period must be shortened, the household is entitled to an expiration notice. A household shall be informed that its certification period shall end the month following the month the expiration notice is sent. The household shall be given an opportunity to timely reapply for benefits.

(4) Unreported changes: The caseworker shall act on all changes of which the caseworker becomes aware. At a minimum, this means documenting changes in the case record. All discrepancies and questionable information shall be resolved to make sure that the correct SNAP benefit amount is issued to the household.

(v) participants who fail or refuse to comply; or

(vi) voluntary work participants who no longer wish to
volunteer.

E. Assessment: An assessment must be completed by a participant and the
E&T program service provider no later than 15 calendar days after an application or
recertification form for SNAP participation is approved. Assessment tools and forms will
be used to address the participant’s education, skills, prior work experience,
employability, and barriers. The assessment will be utilized to identify exemptions,
potential good cause, and to determine appropriate activity placement.

F. Orientation: Participants will be provided a program orientation that
explains the program and its objectives. The orientation will include the following
information:

(1) the participants rights and responsibilities;

(2) support services;

(a) Individuals in a rural area will be required to complete up to 12 activity hours. Rural area is defined as a county containing a core urban area of 50,000 or fewer people as defined by office of management and budget (OMB) metropolitan statistical area designation. An individual residing on a tribe, pueblo, or nation that is also within such a county, will be defined as living in a rural area. (e) The number of hours necessary for compliance in this component are calculated in accordance with 7 CFR 273.7(e)(1).

(4) Community service:

(a) General: The purpose of the community service component is to provide on-the-job skills training and to assist the communities of participants.

(b) Component activities:

J. Federal financial participation: Federal financial participation will be in accordance with 7 CFR 273.7(d).

K. Reimbursement: Participants who incur expenses that are reasonably necessary and directly related to participation in the E&T program will be reimbursed up to the monthly limit as determined by ISD, in accordance with 7 CFR 273.7(d)(4).

L. Disqualification for non-compliance: Participants who fail to:

(1) timely complete the assessment;

(2) timely complete a WPA; and

(3) comply with assigned component requirements and their required hours of participation as outlined in their WPA will be disqualified in accordance with 7 CFR 273.7(f).

(4) Individual disqualification: A participant who fails or refuses to comply with the E&T program participation will be considered an ineligible household member in accordance with 7 CFR 273.7(f). The first fixed period will be in effect from January 1, 2016 through December 31, 2018.

A. Able-bodied adults can comply by:

(1) working 20 hours per week, averaged monthly; for purposes of this provision, 20 hours per week averaged monthly means 80 hours per month; work is defined as:

(a) work in exchange for money;

(b) work in exchange for goods or services (“in-kind” work); or

(c) unpaid work, which includes work without compensation that gives a person experience in a job or industry, tests a person’s job skills, or involves volunteer time and effort to a not-for-profit organization.

(2) Participating, for an average of 80 hours a month, in a combination of the E&T work program components found at Subsection I of 8.139.410.12 NMAC as long as the job search component is less than fifty percent of the total activities; or

(3) Participating for an average of 80 hours a month, in a combination of Paragraphs (1) and (2) of this subsection.

B. Good cause: As determined by the department, if an individual would have worked an average of 20 hours per week but missed some work for good cause, the individual shall be considered to have met the work requirement if the absence from work is temporary and the individual retains their job. Good cause shall include circumstances beyond the individual’s control, such as, but not limited to, illness, illness of another household member requiring the presence of the member, a household emergency, or the unavailability of transportation.
C. Waived from the time limit requirements: The department will waive the three-month time limit requirement for the following in accordance with 7 CFR 273.24(f):

This program is referred to as the time limit rule or the able bodied adults without dependents (“ABAWD”) program. The program is mandatory at all times unless there is a federally approved statewide waiver in place in accordance with 7 CFR 273.24(f). A statewide waiver makes the program non-mandatory for all ABAWDs who would otherwise be subject to the three month time limit requirement. When a statewide waiver is not in place, ABAWDs are mandatory for all requirements as detailed below. ISD will inform all potential ABAWD households of the ABAWD time limit prior to the expiration of a statewide waiver. ISD will use a fixed 36 month period for measurement and tracking purposes beginning June 1, 2017 through May 31, 2020, and every subsequent fixed three year period.

A. Able bodied adults can comply by: working 20 hours per week, averaged monthly; for purposes of this provision, 20 hours per week averaged monthly means 80 hours per month; work is defined as:

B. Good cause: As determined by ISD, if an individual would have worked
an average of 20 hours per week but missed some work for good cause, the individual
shall be considered to have met the work requirement if the absence from work is
temporary and the individual retains their job. Good cause shall include circumstances
beyond the individual's control, such as, but not limited to, illness, illness of another
household member requiring the presence of the member, a household emergency, or the
unavailability of transportation.

C. Waived from the time limit requirements: ISD will waive the three
month time limit requirement for the following individuals in accordance with 7 CFR
273.24(f):

(1) any individual residing in or relocating to a county that has an
unemployment rate twenty percent above the national average as defined by ISD;
(2) any individual residing in or relocating to pueblos, tribes, and
nations, with an estimated employment to population ratio as a measure for insufficient
job availability as determined by ISD.

D. Able bodied adults who are determined to be ineligible for SNAP benefits
because of non-compliance with the time limit requirements can regain eligibility in
accordance with 7 CFR 273.24(d)(i), (d)(ii), (d)(iii), or (d)(v).

E. Exceptions to the three month time limit:

(1) Exceptions to the three month time limit required participation are
found at 7 CFR 273.24(c).
(2) Physical and mental unfitness for the three month time limit
requirements exception is defined as an individual who has a mental or physical illness or
disability, temporary or permanent, which reduces their ability to financially support
themselves.

(a) unfitness can be obvious to ISD and documented in the
case file; or

(b) not obvious, but is documented by a physician, physician's
assistant, nurse, nurse practitioner, a licensed or certified psychiatrist or a licensed or
certified psychologist or social worker as being unfit to work; this claim of physical or
mental unfitness must be substantiated by written documentation identifying the physical

8.139.500.10 DETERMINING INCOME:

A. Anticipating income: In determining a household's eligibility and [food
stamp] SNAP benefit amount the caseworker shall use income already received by the
household during the certification period and any income the household and the caseworker are reasonably certain shall be received during the remainder of the certification period.

(1) If the amount of income or date of receipt is uncertain, that portion of the household's income that is uncertain shall not be counted.
(2) If the exact amount of the income is not known, that portion of the income which can be anticipated with reasonable certainty shall be considered income.
(3) In cases where the receipt of income is reasonably certain but the monthly amount may fluctuate, a household may choose to average its income.

B. Income received during any past 30-day consecutive period that includes 30 days prior to the date of application through the date of timely disposition shall be used as an indicator of the income that is and shall be available to the household during the certification period.

(1) Past income is not used as an indicator of income anticipated for the certification period if changes in income have occurred or can be anticipated during the certification period.

(2) If income fluctuates to the extent that a single four-week period does not provide an accurate indication of anticipated income, a longer period of past time can be used if it gives a more accurate indication of anticipated fluctuations in income.

(3) Income already received is not used and verification is obtained from the income source, if the household and the caseworker decide that income already received by the household is not indicative of income expected to be received in future months.

C. [Semiannual] Simplified reporting: [A household filing a semiannual report is subject to the income methodology specified at Subsection H of 8.139.120.9 NMAC.] A household filing an interim report form is subject to the income methodology specified at 8.139.500.9 NMAC.

D. Income anticipated during the certification period shall be counted only in the month it is expected to be received, unless the income is averaged.

E. Use of conversion factors: Whenever a full month's income is anticipated and is received on a weekly or biweekly basis, the income shall be converted to monthly amount as follows:

(1) income received on a weekly basis is averaged and multiplied by [4.9] four;
(2) income received on a biweekly basis is averaged and multiplied by [2.9] two;
(3) averaged income shall be rounded to the nearest whole dollar prior to application of the conversion factor; amounts resulting in $.50 or more are rounded up; amounts resulting in $.49 or lower are rounded down.

F. Held wages:

(1) Wages withheld at the request of an employee shall be considered income to a household in the month the wages would otherwise have been paid by the employer.

(2) Wages withheld by the employer as a general practice, even in violation of the law, shall not be counted as income to a household, unless the household anticipates that it will ask for and receive an advance.

(3) If a household anticipates asking for and receiving income from
wages that were previously withheld by the employer as a general practice, the income shall be counted to determine eligibility.

G. **Earned income:**

1. Earned income shall be anticipated based on income received when the following criteria are met:
   
   a. the applicant and the caseworker are reasonably certain the income amounts received are indicative of future income and expected to continue during the certification period; and
   
   b. the anticipated income is based on income received from any consecutive past 30-day period that includes 30 days prior to the date of application through the date of timely disposition of the application.

2. When the applicant and the caseworker determine that the income received is not indicative of future income that will be received during the certification period, a longer period of time may be used if it will provide a more accurate indicator of anticipated income.

3. Provided the applicant and the caseworker are reasonably certain the income amounts are indicative of future income, the anticipated income shall be used for the month of application and the remaining months of the certification period.

H. **Unearned income:**

1. Unearned income shall be anticipated based on income received when the following criteria are met:

   a. the applicant and the caseworker are reasonably certain the income amounts received are indicative of future income and expected to continue during the certification; and

   b. the anticipated income is based on income received from any consecutive past 30-day period that includes 30 days prior to the date of application through the date of timely disposition of the application.

2. When the applicant and the caseworker determine that the income received is not indicative of future income that will be received during the certification period, a longer period of time may be used if it will provide a more accurate indicator of anticipated income.

3. Provided the applicant and the caseworker are reasonably certain the income amounts are indicative of future income, the anticipated income shall be used for the month of application and the remaining months of the certification period.

4. Households receiving state or federal assistance payments, such as Title IV-A, GA, SSI or social security payments on a recurring monthly basis are not considered to have varied monthly income from these sources simply because mailing cycles may cause two payments to be received in one month.

I. **Income received more frequently than weekly:** The amount of monthly gross income paid more frequently than weekly (i.e., daily) is determined by adding all the income received during the past four weeks. The gross income amount is used to anticipate income in the application month and the remainder of the certification period. Conversion factors shall not be applied to this income.

J. **Income received less frequently than monthly:** The amount of monthly gross income paid less frequently than monthly is determined by dividing the total income by the number of months it is intended to cover. The caseworker shall carefully explain to the household how the monthly income was computed and what changes might result in a reportable change. Documentation shall be filed in the case record to establish
clearly how the anticipated income was computed.

K. Use of conversion factors: Whenever a full month's income is anticipated but is received on a weekly or biweekly basis, the income shall be converted to monthly amount as follows:

1. income received on a weekly basis is averaged and multiplied by 4; 
2. income received on a biweekly basis is averaged and multiplied by 2; 
3. averaged income shall be rounded to the nearest whole dollar prior to application of the conversion factor; amounts resulting in $.50 or more are rounded up; amounts resulting in $.49 or lower are rounded down.

L. Known changes in income for future months at application:

1. At application or recertification, it shall be determined if any factors affecting income will change in future months. Such factors include a new income source, termination of income, or increases or decreases in income.
2. Income is considered only when the amount of the income and the date it will be received are reasonably certain.
3. In the event that a change is known for future months, benefits are computed by taking into account the change in income.

M. Averaging income over the certification period:

1. All households may choose to have their income averaged. Income is usually not averaged for destitute households because averaging would result in assigning to the month of application income from future periods which is not available for its current food needs.
2. To average income, the caseworker uses a household's anticipation of income fluctuations over the certification period. The number of months used to arrive at the average income need not be the same as the number of months in the certification period.
3. Contract income: Households which, by contract, derive their annual income in a period of less than one year shall have that income averaged over a 12-month period, provided that the income is not received on an hourly or piecework basis.
   a. Contract income includes income for school employees, farmers, self-employed households, and individuals who receive annual payments from the sale of real estate.
   b. These procedures do not include migrant or seasonal farm worker households.
4. Educational monies: Households receiving scholarships, deferred educational loans, or other educational grants shall have such income, after exclusions, averaged over the period for which it is provided. All months which the income is intended to cover shall be used to average income, even if the income is received during the certification period. If the period has elapsed completely, the educational monies shall not be considered income.

N. Using exact income: Exact income, rather than averaged income, shall be used if:

1. the household has chosen not to average income;
2. income is from a source terminated in the application month;
3. employment has just begun in the application month and the
income represents only a partial month;
  (4) in the month of application, the household qualifies for expedited
service or is considered a destitute, migrant or seasonal farm worker household; or
  (5) income is received more frequently than weekly, (i.e., daily).

8.139.500.12 ESTABLISHING CERTIFICATION PERIODS:
  A. The caseworker shall establish a definite period of time within which a
household is eligible to receive benefits.
  B. Entitlement to [food-stamp] SNAP benefits ends at the expiration of the
household's certification period. Continued eligibility is determined only when an
application has been filed, an interview held, and all verification provided.
  C. Under no circumstances shall benefits be continued beyond the end of a
certification period without a redetermination of eligibility.
  D. A household shall be provided with an expiration notice before or at the
beginning of the last month of a certification period.
  E. If a household is determined eligible for the initial month but ineligible the
following month, it shall be certified for one month only. Conversely, a household may
be ineligible for the month of application but eligible for the following month(s). If the
household is denied for the month of application, it does not need to file a new
application for the following month.
  F. Conformity with calendar month: Certification periods shall conform
to calendar months. At the initial application, the first month in the certification period is
the month of application, even if the household's eligibility is not determined until a later
month.
  G. Length of certification period: All households will be assigned to
simplified reporting and shall be assigned a certification period in accordance with
Subsection A of 8.139.120.9 NMAC. Households shall be assigned the longest
certification period possible based on the stability of the household's circumstances. A
certification period cannot exceed 12 months, except for households in which all adult
members in the household are elderly or disabled. Households in which all members are
erly or disabled will be assigned a 24-month certification period. At least one contact
with each certified household shall be made every 12 months.
(——(1)——) Three months or less: A certification period of three months or
less may be assigned if there is a substantial likelihood of frequent and/or significant
changes in household circumstances, including but not limited to, income and household
status.
(——(2)——) More than three months: A certification period of more than
three months may be assigned if it is determined that household circumstances will
remain stable throughout the certification period. A stable household is one which does
not anticipate major changes in income, deductions, or household composition.
(——(3)——) Cash assistance households: A household in which all members
are contained in a single cash assistance grant shall have a food stamp certification period
which coincides with the cash assistance certification period.
(——(4)——) Up to twelve months:
(——(a)——) A household whose primary source of income is from self-
employment (including self-employed farmers), or from regular farm employment with
the same employer, shall be certified for twelve months.

(b) A twelve month certification period shall be assigned to a
household which is paid an annual salary on a scheduled monthly basis.

(c) Semiannual reporting households: A household assigned
to semiannual reporting shall be assigned a twelve month certification period.

(5) Aliens: To the degree possible, aliens shall be assigned a
certification which shall at some point coincide with the expiration date of the alien’s

to, homeless households that have no income and live on the street or in a shelter.

H. Shortening the certification period:

(1) The caseworker may not end a household’s certification period

provide verification of a change in household circumstances for which the caseworker
has requested verification.

(2) Loss of cash assistance or a change in employment status is not
sufficient to meet the criteria necessary for shortening a certification period.

extends the household’s certification period, the caseworker shall issue written notice
advising the household of the new certification end date.
