III.  BACKGROUND

Each year the Department is required to make changes to the SNAP, NMW, Education
Works and General Assistance Program income limits for participation, income
eligibility standards, and deductions available to otherwise eligible households. These
amounts are determined by United States Department of Agriculture (USDA), Food and
Nutrition Services (FNS). The Department received notification of the adjusted amounts
on August 10, 2016, and will make the adjustments effective for benefit month October
2016. For Federal Fiscal Year (FFY) 2017, the SNAP maximum allotments have
changed.
The cost of living adjustments made are as follows: the Standard Deduction for a Household of one to three members will increase from $155 to $157; the Excess Shelter Deduction will increase from $504 to $517; the Shelter Deduction for a Household with an elderly or disabled member remains uncapped; the Heating/Cooling Standard Utility Allowance (HCSUA) will increase from $318 to $325; the Limited Utility Allowance (LUA) will increase from $123 to $125 and the Telephone Standard (TS) will decrease from $41 to $40. The income eligibility limits for each program will increase as indicated in the amendments listed on the following pages.

Because the Department has received less than sixty days of notice of the federal Cost-of-Living Adjustments (COLA) and has insufficient time to follow the regular rulemaking process, it will implement an emergency rule in order to comply with the federal mandate effective date of October 1, 2016.

IV. EFFECTIVE DATE

EMERGENCY AMENDMENTS

This is an emergency amendment to 8.139.500 NMAC, Section 8, effective
10/01/2016.

8.139.500.8 BASIS OF ISSUANCE:

A. **Income standards:** Determination of need in the food stamp program is
based on federal guidelines. Participation in the program is limited to households whose
income is determined to be a substantial limiting factor in permitting them to obtain a
nutritious diet. The net and gross income eligibility standards are based on the federal
income poverty levels established in the Community Services Block Grant Act [42 USC
9902(2)].

B. **Gross income standards:** The gross income eligibility standards for the
48 contiguous states, District of Columbia, Guam and the Virgin Islands is 130 percent
(130%) of the federal income poverty levels for the 48 states and the District of
Columbia. One hundred thirty percent (130%) of the annual income poverty guidelines is
divided by 12 to determine monthly gross income standards, rounding the results upward
as necessary. For households larger than eight, the increment in the federal income
poverty guidelines is multiplied by 130%, divided by 12, and the results rounded upward
if necessary.

C. **Net income standards:** The net income eligibility standards for the 48
contiguous states, District of Columbia, Guam and the Virgin Islands are the federal
income poverty levels for the 48 contiguous states and the District of Columbia. The
annual income poverty guidelines are divided by 12 to determine monthly net income
eligibility standards, (results rounded upward if necessary). For households larger than
eight, the increment in the federal income poverty guidelines is divided by 12, and the
results rounded upward if necessary.

D. **Yearly adjustment:** Income eligibility limits are revised each October
1st to reflect the annual adjustment to the federal income poverty guidelines for the 48
contiguous states and the District of Columbia.

E. **Issuance table:** The issuance table lists applicable income guidelines
used to determine SNAP eligibility based on household size. Some amounts are
increased to meet the needs of certain categorically eligible households. Some of the net
income amounts listed are higher than the income limits for some household sizes.
Households not categorically eligible for SNAP benefits must have income below the appropriate gross income limit for household size.

**F. Deductions and standards:**

1. **Determination:** Expense and standard deduction amounts are determined by federal guidelines and may be adjusted each year. Households eligible based on income and resource guidelines, and other relevant eligibility factors, are allowed certain deductions to determine countable income.

2. **Yearly adjustment:** The expense and standard deductions may change each year. If federal guidelines mandate a change, it is effective each October 1st.
