2. Changes to 7. Project Management, 7.4 Additional CCSC Key Personnel Requirements, page 76

**Brief Description:** Replaced section 7.6 in 7.4 Additional CCSC Key Personnel Requirements, changing the key personnel commitment.

**Change From:**

7.4. Additional CCSC Key Personnel Requirements

Offeror must propose staff that meet the following requirements:
1. The Project Manager must be an employee of the Contractor at the time Offeror submits a proposal in response to this RFP;

2. All other Key Personnel included in Offeror’s proposal must be current employees of the Offeror or of its identified subcontractor(s) or must have a signed statement of commitment from the individual to join the Offeror’s organization not later than the planned contract start date;

3. All Key Personnel must be committed for no less than the first six (6) months of the contract performance period;

4. Contractor must request no substitutions of Key Personnel within the first sixty (60) days of the contract unless such substitutions are made at HSD request or they are necessary due to sudden illness, death, resignation or other reasons that HSD may or may not approve; and

5. Changes to proposed Key Personnel positions, staff and responsibilities are allowed only with prior written permission from HSD.

While the Contractor must make every effort to maintain a stable Key Personnel team for contract duration, Offeror must acknowledge that HSD has the right to refuse any replacement, substitution or reassignment of duties for Key Personnel. Prior to making any such changes, the Contractor must obtain written approval of the change from HSD. In all instances, qualifications of replacement staff must be comparable to or better than those of the individual that is being replaced or whose duties are being reassigned.

HSD retains the right to approve or disapprove proposed staffing and to require the Contractor to replace specified Contractor employees or those of subcontractors. All Contractor staff and the staff of subcontractors must perform their work in the United States; no off-shoring of any work under this contract is allowed.

HSD retains the right to ask that any Contractor staff be removed from the Project.

3. Changes to Appendix J – Crosswalk BMS RFP to CMS Draft RFP Template, page 179

Brief Description: Replaced Crosswalk BMS with CCSC Crosswalk.

Change From:

APPENDIX J - Crosswalk BMS RFP to CMS Draft RFP Template

CMS has provided guidance on the Medicaid Enterprise Certification Toolkit (MECT) including “CMS Uniform RFP Guide, Version 4.2” and has allowed for variation in RFP creation. As NM State Procurements were in process at the time the guidance was provided this RFP is a variation and does not follow the Uniform RFP but does include all the sections of the MMIS Uniform RFP Guide that can be found in the Procurement Library. The table below reflects each section of the Uniform RFP Guide and where the section is addressed in this BMS RFP. It is expected each vendor will review the Uniform RFP Guide in addition to reviewing this mapping.
