

**NM Medicaid/CHIP Systems Inventory : Interfaces | Reporting Defaults**

SEP-17-2013 9:31 AM

**Reporting Defaults**

Intf Name	Intf Snds?	Intf Rcvs?	Intf Remote Sys Name	Intf Remote Sys Type	Integ Method	Intf Freq	Intf Descrip	System - Sys Name (Acro)
BENDEX	✓	✓	BENDEX - SSA	Not State of NM	EFT - Cyberfusion	Daily	BENDEX notifies SSA who receives benefits in NM and of any changes to identification data. NM also notifies SSA when beneficiaries pass away or stop receiving benefits for any reason. SSA returns earnings data for the people receiving SSA benefits.	ISD2 (not ASPEN)
PDCS X2 - Business Objects	✓		SAP Business Objects	Not State of NM	Web Service	Daily	SAP Business Objects is a reporting program that mines data from PBCPCS X2 for a series of different reports.	Pharmacy Benefits Claims Processing Component System (PBCPS)
OmniCaid - PBCPS	✓	✓	Xerox OmniCaid	Not State of NM	EFT - Other	Daily	Claims data, client data, and other data are exchanged in this interface between MMIS and PBCPS X2 on a daily basis.	Pharmacy Benefits Claims Processing Component System (PBCPS)
OmniCaid - HSD Buy-In System		✓	HSD Buy-In System	State of NM	EFT - Connect:Direct	Monthly	NM HSD sends the Part B file to Xerox OmniCaid at the beginning of the month.	OmniCaid
OmniCaid - NM HSD	✓	✓	NM Human Services Department	State of NM	EFT - Connect:Direct	Daily	Xerox OmniCaid uses Connect:Direct to receive and send files to the State's mainframe.	OmniCaid
OmniCaid - NM Medicaid Portal - CICS	✓	✓	New Mexico Medicaid Portal	State of NM	EFT - Other	As needed	Data between the NM Medicaid Portal (web portal) and OmniCaid CICS is exchanged using MQ Series CMF. The request message is constructed on the web portal and sent via MQ to the CICS system on OmniCaid.	OmniCaid
INPHORM - DOH		✓	CMS	Not State of NM	EFT - FTP	Weekly	NM Department of Health receives weekly and monthly data files from CMS' "Integrated Network for Public Health Officials Records Management" (INPHORM) system via Secure FTP.	Children's Medical Services Eligibility System (DOH)
DRAMS - CMS	✓	✓	CMS	Not State of NM	EFT - Other	Daily	DRAMS exchanges CMS Utilization Files with CMS daily via EFT.	Drug Rebate System (DRS or DRAMS)
DMZ MOVEit	✓	✓	CMS	Not State of NM	EFT - FTP	Monthly	DMZ MOVEit is Xerox' standard server for secure FTP. OmniCaid uses it to exchange data with CMS, the states, MCOs, and third party entities.	OmniCaid

Intf Name	Intf Snds?	Intf Rcvrs?	Intf Remote Sys Name	Intf Remote Sys Type	Integ Method	Intf Freq	Intf Descrip	System - Sys Name (Acro)
SLR - CMS via GENTRAN	✓	✓	CMS	Not State of NM	Web Service	Daily	SLR batch files import using a database-stored procedure. GenTran manages file transfer workloads with an extensive audit trail of data movement. SQL Server Integration Services imports job runs daily. All errors are tracked with final import status.	State Level Registry (SLR)
DRAMS - COGNOS	✓	✓	Cognos Executive Dashboard and Cube/Reporting	Not State of NM	EFT - Other	Daily	Reporting interface for DRAMS using COGNOS.	Drug Rebate System (DRS or DRAMS)
OmniCaid - FACTS		✓	CYFD FACTS	State of NM	EFT - FTP	Daily	NM CYFD sends Title XIX Medicaid eligibility information for children in CYFD Protective Services custody and care to OmniCaid to establish Medicaid coverage for the child.	OmniCaid
OmniCaid - DRAMS	✓		Drug Rebate Systems (DRS or DRAMS)	State of NM	EFT - FTP	Daily	Claims data is sent from OmniCaid to DRAMS.	OmniCaid
OmniCaid - EDMS	✓		Electronic Document Mgt Sys (EDMS)	State of NM	EFT - FTP	Daily	MMIS reports are FTPed to a server where DocFinity COLD parses and formats the file for import to DocFinity repository. Users can then search for reports using the Intraviewer interface.	OmniCaid
OmniCaid - POCMS		✓	Xerox OmniCaid	Not State of NM	EFT - Other	Daily	File transfer of Mi Via waiver eligibility to the GCESonline system using FTP over SSH.	Plan of Care Management System (POCMS)
OmniCaid - OmniTrack		✓	Xerox OmniCaid	State of NM	EFT - Other	Daily	OmniTrack receives a daily file with updated entity information from Xerox OmniCaid via FTP.	OmniTrack
Xerox Pittsburgh - Xerox ABQ	✓		Xerox Albuquerque	Not State of NM	EFT - Other	Daily	The OmniCaid mainframe at Xerox Pittsburgh sends daily data to Xerox Albuquerque via FTP.	OmniCaid
OmniCaid - MMIS DW		✓	Xerox OmniCaid	State of NM	EFT - Other	Daily	Xerox OmniCaid data is downloaded from the mainframe DB2 system to the NM Data Warehouse daily.	MMIS Data Warehouse (DW)
Enumeration Verification	✓	✓	Social Security Administration	Not State of NM	EFT - Other	Monthly	NM sends requests for info to SSA for new clients and when the SSN on a current client changes. SSA responds with client identification information. NM uses this information to identify discrepancies between ISD2 and the SSA data files.	ISD2 (not ASPEN)
OmniCaid - ISD2	✓	✓	Xerox OmniCaid	Not State of NM	EFT - Other	Daily	Medicaid data is exchanged daily with Xerox OmniCaid via Connect:Direct.	ISD2 (not ASPEN)
OmniCaid - HSD Buy-In System	✓		Xerox OmniCaid		EFT - Other	Monthly	NM HSD sends the Part B file to Xerox OmniCaid at	NM Human Services

Intf Name	Intf Snds?	Intf Rcvs?	Intf Remote Sys Name	Intf Remote Sys Type	Integ Method	Intf Freq	Intf Descrip	System - Sys Name (Acro)
				Not State of NM			the beginning of the month using Connect:Direct / NDM.	Department Buy-In System (HSD Buy-In)
Cyberfusion		✓	Social Security Administration	Not State of NM	EFT - Other	Daily	HSD ITD receives data from SSA thru NM DOIT daily per the schedule sent by SSA.	State Data Exchange (SDX)
OmniCaid - SDX	✓		Xerox OmniCaid	Not State of NM	EFT - Other	Daily	HSD IT Division sends updates to Xerox OmniCaid daily with the results of our eligibility processing using Connect:Direct / NDM.	State Data Exchange (SDX)
CYFD FACTS - ISD2 Daily	✓	✓	NM Eligibility System (ISD2)	State of NM	EFT - Other	Daily	NM CYFD uses FTP to send demographic information on adjudicated children in CYFD custody to ISD2 (TANF, SNAP) so that TANF/SNAP benefits can be adjusted.	Family Automated Client Tracking System (FACTS)
CYFD FACTS - CSES	✓		NM Child Support Enforcement System	State of NM	EFT - Other	Daily	NM CYFD sends demographic and financial information on children in CYFD care and custody to CSES so that a child support case can be established.	Family Automated Client Tracking System (FACTS)
OmniCaid - FACTS	✓		Xerox OmniCaid	Not State of NM	EFT - Other	Daily	NM CYFD sends Title XIX Medicaid eligibility information for children in CYFD Protective Services custody and care to OmniCaid to establish Medicaid coverage for the child.	Family Automated Client Tracking System (FACTS)
CYFD FACTS - ISD2 Monthly	✓	✓	NM Eligibility System (ISD2)	State of NM	EFT - Other	Monthly	NM CYFD receives this monthly demographic file listing all children with active benefits. CYFD compares the file against FACTS to identify children who are adjudicated and in CYFD care and custody. FACTS FTPs the matches back to ISD2 to adjust benefits.	Family Automated Client Tracking System (FACTS)
OmniCaid - DRAMS		✓	Xerox OmniCaid	Not State of NM	EFT - Other	Daily	Claims data is transferred between MMIS and DRAMS.	Drug Rebate System (DRS or DRAMS)
DRAMS - MMIS DW	✓		MMIS Data Warehouse (DW)	State of NM	EFT - Other	Real-Time	MMIS information is gathered from the Data Warehouse.	Drug Rebate System (DRS or DRAMS)
DOH - ISD2	✓		NM Eligibility System (ISD2)	State of NM	EFT - Other	Weekly	NM Department of Health sends data on the Children's Medical Eligibility System to ISD2 weekly via FTP.	Children's Medical Services Eligibility System (DOH)
MMIS Electronic Data Interchange Gateway (EDI Gateway)	✓	✓	Xerox EDI Gateway	Not State of NM	EFT - Other	Real-Time	The Xerox AVRS sends/receives eligibility data thru EDI Gateway in real-time.	Automated Voice Response System (AVRS)
OmniCaid - FADS		✓	Xerox OmniCaid		EFT - Other	Weekly		

Intf Name	Intf Snds?	Intf Rcvs?	Intf Remote Sys Name	Intf Remote Sys Type	Integ Method	Intf Freq	Intf Descrip	System - Sys Name (Acro)
				State of NM			OptumInsight's APIs (formerly Ingenix) extract data from the NM OmniCaid database. This data is written to the FADS datamart, where analysts view displays, generate reports, and conduct studies of those data patterns.	Fraud and Abuse Detection System (FADS)
OmniCaid - FADS	✓		Fraud and Abuse Detection System	Not State of NM	EFT - Other	Weekly	OptumInsight's APIs (formerly Ingenix) extract data from the NM OmniCaid database. This data is written to the FADS datamart, where analysts view displays, generate reports, and conduct studies of those data patterns.	OmniCaid
OmniCaid - ISD2	✓	✓	NM Eligibility System (ISD2)	State of NM	EFT - Other	Daily	Medicaid data is exchanged daily with Xerox OmniCaid via Connect:Direct.	OmniCaid
OmniCaid - MMIS DW	✓		MMIS Data Warehouse (DW)	State of NM	EFT - Other	Daily	OmniCaid DB2 data is sent to the NM Data Warehouse daily.	OmniCaid
OmniCaid - OmniTrack	✓		OmniTrack	State of NM	EFT - Other	Daily	OmniCaid sends a daily file to OmniTrack with updated entity information via FTP.	OmniCaid
OmniCaid - POCMS	✓		GCESonline	Not State of NM	EFT - Other	Daily	Data on Mi Via waiver eligibility is sent to the GCESonline system using FTP over SSH.	OmniCaid
OmniCaid - SDX		✓	NM State Data Exchange (SDX)	State of NM	EFT - Other	Daily	HSD IT Division sends updates to OmniCaid daily with the results of their eligibility processing using Connect:Direct / NDM.	OmniCaid
ISD2 - HSD Buy-In		✓	HSD Buy-In System	State of NM	Other	Monthly	NM HSD IT Division writes a file to a shared network drive that ISD2 picks up once a month.	ISD2 (not ASPEN)
OmniCaid - NM Medicaid Portal - MOVEIT	✓		New Mexico Medicaid Portal	State of NM	EFT - FTP	Monthly	The MOVEit Central utility picks up files from a source directory on OmniCaid and writes those files to a destination directory at the NM Medicaid Portal monthly. MOVEit Central uses secure FTP.	OmniCaid
OmniCaid - EDMS	✓		SunGard OCR	Not State of NM	EFT - FTP	Daily	Claim images scanned in Albuquerque (Xerox) are sent to SunGard OCR for processing. SunGard sends the images to EDMS and the data to OmniCaid when the OCR is complete.	Electronic Document Management System (EDMS)
OmniCaid - EDMS		✓	Xerox OmniCaid	State of NM	EFT - FTP	Daily	MMIS reports are FTPed to a server where DocFinity COLD parses and formats the file for import to DocFinity repository. Users can then search for reports	Electronic Document Management System (EDMS)

Intf Name	Intf Snds?	Intf Rcvrs?	Intf Remote Sys Name	Intf Remote Sys Type	Integ Method	Intf Freq	Intf Descrip	System - Sys Name (Acro)
							using the Intraviewer interface.	
OmniCaid - NM Medicaid Portal - CICS	✓	✓	Xerox OmniCaid	Not State of NM	Web Service	As needed	Data between the NM Medicaid Portal (web portal) and OmniCaid CICS is exchanged using MQ Series CMF. The request message is constructed on the web portal and sent via MQ to the CICS system on OmniCaid.	New Mexico Medicaid Portal (web portal)
OmniCaid - NM Medicaid Portal - MOVEIT		✓	Xerox OmniCaid	Not State of NM	EFT - FTP	Monthly	The MOVEit Central utility picks up files from a source directory on OmniCaid and writes those files to a destination directory at the NM Medicaid Portal monthly. MOVEit Central uses secure FTP.	New Mexico Medicaid Portal (web portal)
OmniCaid - PBCPS	✓	✓	Pharmacy Benefits Claims Processing	State of NM	EFT - Other	Daily	Claims data, client data, and other data are exchanged in this interface between MMIS and PBCPS X2 daily.	OmniCaid
EDI Gateway - T1 switching services	✓	✓	T1 switching services	Not State of NM	EFT - Other	Real-Time	Providers can connect to Xerox EDI through the switch vendors: Emdeon, Passport Health, MEVSnet, HealthCare Xnet, and Siemens/HDX. This is done in support of real-time 270/276 transactions.	Electronic Data Interchange Gateway (EDI Gateway)
EDI Gateway - Providers/Clearinghouses	✓	✓	Provider Community/Clearinghouses	Not State of NM	EFT - Other	As needed	Providers/clearinghouses may connect to Xerox's DMZ to submit files via SFTP or FTPS. The largest Clearinghouse submitters for NM via this mechanism are GE Health, Availity, Relay Health, ZirMed, and Allscripts-Payerpath.	Electronic Data Interchange Gateway (EDI Gateway)
BBS async dialup	✓	✓	Provider community	Not State of NM	EFT - Other	As needed	Providers including Albuquerque IHS Dental, Northern Navajo Medical Center, and San Juan Regional Medical Ctr may use Bulletin Board System services to access mailboxes via async dial-up connections.	Electronic Data Interchange Gateway (EDI Gateway)
CMS via Connect:Direct / NDM		✓	CMS	Not State of NM	EFT - Connect:Direct	Monthly	NM HSD receives the CMS part A and part B files on the 1st working day of the month.	NM Human Services Department Buy-In System (HSD Buy-In)
ISD2 - DMDC	✓		Defense Manpower Data Center (DMDC)	Not State of NM	EFT - Connect:Direct	Quarterly	ISD2 sends PARIS data to DMDC on a quarterly basis via NDM (Connect:Direct). No data is returned to ISD2 from these transmissions.	ISD2 (not ASPEN)
DMDC - ISD2		✓	Defense Manpower Data Center (DMDC)	Not State of NM	EFT - Connect:Direct	As needed	DMDC data is requested as needed for the Office of the Inspector General's	ISD2 (not ASPEN)

Intf Name	Intf Snds?	Intf Rcvs?	Intf Remote Sys Name	Intf Remote Sys Type	Integ Method	Intf Freq	Intf Descrip	System - Sys Name (Acro)
							office to determine if people are receiving benefits from other states.	
ISD2 - IRS	✓	✓	Internal Revenue Services	Not State of NM	Physical Media	Annually	ISD2 requests 1099 data from the IRS annually to confirm income and assets or our beneficiaries. The IRS data is printed to physical media and processed manually. These data are not co-mingled electronically with eligibility or enrollment data.	ISD2 (not ASPEN)
