Bill Brooks, Medicaid Associate Regional Administrator  
Division of Medicaid and Children’s Health  
Centers for Medicare and Medicaid Services  
1301 Young St.  
Dallas, TX 75202

Dear Mr. Brooks,

Enclosed are documents related to New Mexico State Plan Amendment (SPA) 14-13, updating and reorganizing the EPSDT services and reimbursement pages.

The primary purpose of this state plan amendment is to update and reorganize both the services (supplement A to attachment 3.1A) and reimbursement (attachment 4.19-B) sections of the state plan that primarily address early and periodic screening, diagnostic, and treatment (EPSDT) services.

This amendment is not for the purpose of making program changes. Rather, this is part of our continuing effort in working with CMS to assure the reimbursement pages clearly correspond to the service sections of the state plan and to implement the now required wording regarding public notice and the dates for which reimbursement rates were set for these services.

While there are no intended content changes other than improved descriptions, there are some behavioral health services in the EPSDT section with fee schedule increases and additions to school services for which public notice has been provided that become effective on January 1, 2015. That date for establishing the fee schedule has been added to the amendment and that increase is the sole reason for the financial impact indicated on the transmittal form.
We appreciate your consideration of this state plan amendment. Should you have any questions on this amendment, please contact Ellen Costilla at (505) 827-3180 or at Ellen.Costilla@state.nm.us

Sincerely,
