<td>I. Introductions</td>
<td>Before introductions and announcements were made, a moment of silence was held in memory of Retta Ward, Cabinet Secretary of Department of Health. Larry Martinez announced this was not the first time the committee was faced with budget shortfall conversations. Larry Martinez reminded the committee the purpose was to carefully discuss procedure and approach that would be used to guide everyone through the process.</td>

<td>IV. Medicaid Budget FY16 and FY17</td>
<td>Nancy Smith-Leslie and Brent Earnest provided information to the committee and interested parties about the Medicaid budget shortfall. There is an $85 million dollar shortfall for FY17 and the Department received an appropriation that was less than requested. Secretary Earnest stated the Department faces a significant budgetary challenge today and going forward. He referenced the handout that contained the language from House Bill 2. Secretary Earnest announced that a special page on the HSD website was created so that the public could provide comments and suggestions to help the Department finalize decisions for cost containment. The website location is part of the HSD website: <a href="http://www.hsd.state.nm.us/medicaid-public-comment.aspx">http://www.hsd.state.nm.us/medicaid-public-comment.aspx</a></td>

| Members from the committee provided responses to the budget situation and their comments included: Are IGTs an acceptable path for the administration, a more broad approach then subcommittees should be considered, concern whether website comments would be monitored sufficiently, concern that purpose of waiver being a demonstration with innovations and whether program changes will impact performance measures as it relates to demonstration; and encourage ways to raise revenue instead of rate reductions or benefit changes.  

Following the committee discussion the committee chairperson announced subcommittees would be formed immediately to approach work with respect to advice to HSD about cost containment measures. | | | | |

### V. Subcommittee Purpose and Membership

Three Sub-committees of the Medicaid Advisory Committee were formally announced and corresponding sign-up sheets were circulated for committee members to address Medicaid Cost Containment by topic:

1. Provider Payments
2. Benefit Package and Eligibility Verification
3. Long Term Strategies

The committee discussed the different strategies each work group may consider, appointment letters will be sent specifying purpose and date when recommendations are due, each group would be selected by size to provide a more general consensus (approximately 8-10 members), and HSD will provide staffing and requested data.

At the end of the meeting, approximately 8 members were listed on each of the 3 sign-up sheets.

The committee members commented on the proposed work groups:
Please address the issue of duplication of effort, confusion if regular meetings would occur in conjunction with subcommittee meetings, and concern if subject to open meetings rules.

### VI. Public Comment

The public comments began at 2:45pm. The following persons signed up at the beginning of the meeting to provide public comments:

**Anna Otero Hatanaka**, Association of Developmental Disabilities Community Providers-Urged the Department not to cut any rates for developmental disability providers or disability services.

**Nancy Resnick**, NM Osteopathic Medical Society-Presented a concern that reimbursements are being cut and commented that providers

</tr>
<tr>
<td><strong>Karen Cathey</strong>, International District Healthy Communities Coalition Has a son with SMI--presented a written statement that she explained was titled: “Reduction of hospital rates is one example of how budget burden will shift to uninsured patients and insured consumer rates will impact services, medical debt, and potentially shift costs to Medicaid patients.”</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Bill Jordan</strong>, NM Voices for Children-Applies to openness of meetings. Commented that there are many options for revenue that need to be addressed such as raise tobacco taxes and hold serious discussions on provider fees. Look at ways that providers could contribute.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Abuko Estrada</strong>, NM Center on Law and Poverty-Commented that studies have been done that healthcare is a growing sector for jobs and the state needs to attract new providers. Proposed cuts in HB2 are not fiscally responsible.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Patsy Romero</strong>, Commented that no discussion is held for an attempt to look at minimizing administrative operations. Further commented the state needs to study centennial care carefully, should have studied healthcare system in NM.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Kyra Ochoa and Kim Gabaldon</strong>, Los Alamos County-Commented the proposed changes will affect counties and recommended partnerships with counties which are already doing care coordination.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Joe Martinez</strong>, Health Action NM-Commented it was great leadership when the decision was made to expand Medicaid when other states did not do that. Further commented that there should be more decisions made to generate revenue.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Laurence Leyba</strong>, Primary care physician and Anesthesiologist-Commented that physicians will refuse to see patients or leave the state if there are poor reimbursements for primary care providers.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>J.D. Bullington</strong>, Government Relations Consultant Community Health Systems-Commented that he is in support of revenue enhancement in the form of provider assessments.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Nancy Rodriguez</strong>, NM Alliance for School-Based Health Care-Encouraged MAC subcommittees to consider a potential compounding negative effect on safety net clinics which School Based Health Centers often are, when considering any changes, as young people will be affected by potential changes.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Barbara Webber</strong>, Health Action NM-Commented that through woodwork effect, families are getting Medicaid coverage. Also, urged the Department to look at revenue, administrative costs, engage stakeholders, and look at social impact.</td>

<td>Expansion is helping families obtain EPSDT services, autism services and services for children with special health care needs—seeing a positive impact.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Nick Estes, No organization listed—Commented that federal law does allow provider fees and could be designed in a way that money comes back to providers and money could be used to match and increase revenues.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Lauren Reichelt, Rio Arriba County—Commented she appreciates Secretary Earnest’s leadership and can see positive innovations such as enrolling people while in jail. Stressed Health and Human Services jobs have become an important part of the employment in Rio Arriba county. Medicaid expansion has helped bring jobs back into Rio Arriba county and wants to echo the other comments about revenue increase not provider cuts.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Ellen Pinnes, Expressed appreciation to the Department. Has experienced cost containment several times and appreciates the Department’s engagement with stakeholders and praise for the Governor who is committed to Medicaid expansion. Concerned about tax policy we need to look at raising revenue and not just cutting back. When provider rates are cut that’s a tax on providers when cost sharing is imposed that is a tax on a recipient. Urge the Governor to increase revenue.</td>
