The Department through these rules is revising the excess home equity amount for long-term care services, is incorporating into policy the Achieving a Better Life Experience Act (ABLE Act) which establishes state-run tax advantaged accounts for eligible individuals to use for disability related expenses, adds additional resource and income exclusions for distributions made to Native Americans, and requires interviews at initial application for Institutional Care and Waiver Medical Assistance Program (MAP) eligibility categories. Other changes throughout the rules are to update language, incorporate standardized rule language, and to provide additional clarification in sections of the rules.

Section 15-The excess home equity amount for long-term care services is being changed from the federal maximum of $840,000 down to the federal minimum of $560,000. Section 12-Outdated references were replaced with current NMAC references.
Section 13-A new subsection “H” was added to incorporate language describing the ABLE Act which establishes state-run tax advantaged accounts for eligible individuals to use for disability related expenses. Tax advantaged accounts allow an eligible individual to save and use funds for disability-related expenses.
Section 14-A new subsection “N” was added for ABLE Act exclusions. ABLE account balances are excluded up to $100,000. Amounts over $100,000 count towards the $2,000 SSI resource limit.  
A new subsection “O” was added to exclude from resources per capita payments under the Indian Judgement Fund Act of $2,000 or less.

Section 18-A new subsection “C” was added which states that contributions from any source into an ABLE account is not considered income to an SSI recipient. However, an SSI recipient’s earnings contributed to an ABLE account are considered wages and counted. Gifts to an SSI recipient to be deposited into an ABLE account are considered income unless made directly into an ABLE account.

Section 20-Unearned income exclusions of Subsection D paragraph (6)” were updated to exclude certain income distributions to Native Americans as required by public law. A new paragraph “15” was added to Subsection D that identifies which distributions from an ABLE account are excluded as income of the designated beneficiary.

Section 21-Outdated reference was replaced with current NMAC reference.

8.240.500 NMAC
Section 14-Language was added to clarify Qualified Medicare Beneficiary policy that the standard $20 disregard is only given if the applicant or recipient lives with an ineligible spouse.

Section 11-Language was added that an interview is required at initial application for Institutional Care Medicaid. The telephonic or in-person interview shall be scheduled within ten working days at a time that is convenient for the applicant. Missed interviews can be rescheduled by that applicant. An application can be denied on the 45th day if the applicant does not contact the Income Support Division or does not appear for the rescheduled interview.
