CHANGES ON PAGE [41]

[C. BUSINESS SPECIFICATIONS, 5. Cost, Mandatory Cost Specifications]

From:

[Mandatory Cost Specifications]

Offerors must propose a total cost of a four-year contract. The proposed cost will be evaluated using the following:

$$A + B(X) = C1$$

A = Price for conducting typical audit work for the four years

B = Hourly rate of consultation

X = Eighty hours of consultation

C1 = Total price for the four-year contract

The Department will then evaluate the total price of the contract using the following:

$$C1 + C2 + C3 = T$$

C1 = Total prices for a four-year contract

C2 = C1 plus inflator

C3 = C2 plus inflator

T = Total price of the four-year contract.]

To:

[Mandatory Cost Specifications]

Offerors must propose a total cost of a four-year contract. The proposed cost will be evaluated using the following:

$$A + B(X) = C1$$

A = Price for conducting typical audit work for the four years

B = Hourly rate of consultation

X = Eighty hours of consultation

C1 = Total price for the first-year contract

The Department will then evaluate the total price of the contract using the following:

$$C1 + C2 + C3 + C4 = T$$

C1 = Total prices for the first-year contract

C2 = C1 plus inflator

C3 = C2 plus inflator

C4= C3 plus inflator

T = Total price of the four-year contract.]
