<b>Comments (all via HSD website unless noted otherwise)</b>	<b>Data Submitted</b>	<b>Submitter Name</b>
Letter from New Mexico Primary Care Training Consortium	1/29/21	Holley Hudgins, Executive Director John Andazola, President
<b>Comments from January 19, 2021 MAC Meeting</b>		
Positions tend to stay where an individual conducts their residency and not where they went to medical school. Having a GME program in a rural area is a good idea for the state.	1/19/21	Dr. Lawrence Shandler
Thank you for all of your work on this amendment...the IMD waiver and coverage of high fidelity wraparound have been long needed and will go a long way to improving the quality of service available to people with behavioral health needs. I am also excited to see general psychiatry included in the GME initiative!	1/19/21	Liz LaCouture
Commend the Department on providing these services.	1/19/21	Sharon Huerta
