Subject: [EXT] Proposed Changes to Centennial Care

Follow Up Flag: Follow up
Flag Status: Flagged

Good Day -

I write this note to express my disagreement with the plan to eliminate Medicaid retroactive coverage and impose premium requirements to adults with income above the Federal Poverty Guidelines. These proposed changes would create further barriers for healthcare access for vulnerable individuals and place people at risk for incurring medical debt.

Please do not go forward with these proposed changes.

Sincerely,
Maurice A. Rodriguez
