NEW MEXICO HEALTH & HUMAN SERVICES DATA BOOK

| Volume 3 2022.2

On behalf of all colleagues at all Health and Human Services Departments in New Mexico, we humbly acknowledge we are on the unceded ancestral lands of the original peoples of the Apache, Diné, and Pueblo past, present, and future.

With gratitude we pay our respects to the land, the people and the communities that have contributed to what today is known as the State of New Mexico.

Evening drive through Corrales, NM in October 2021. By HSD Employee, Marisa Vigil

DATA BOOK INTRODUCTION

SECTION 1A

The State of New Mexico Health and Human Services Departments are pleased to present the Data Book, a summary of social, economic, and health statistics of our state. The Data Book presents, in one reference document, a diversity of information and is designed to facilitate comparisons of national, state, and county-level data. The Data Book contains various sections, representing the types of information most frequently requested by a broad range of stakeholders. Section 1A includes the Table of Contents, Welcome Letter, Guide to Using this Data Book, and a Map of Tribal Lands in New Mexico.

Section 1 THANK YOU FOR WORKING WITH US!

Dear Legislator, Customer, Colleague, Key Partner, or Friend.

This Data Book is the third edition published by the New Mexico Human Services Department (HSD), in collaboration with our sister agencies to form the first Health and Human Services Data Book. In line with Governor Michelle Lujan Grisham's vision of greater interagency collaboration, we have included point-in-time data representing populations served by the Indian Affairs Department (IAD); the Aging and Long-Term Services Department (ALTSD); the Children, Youth, and Family Department (CYFD); the Department of Health (DOH); the Early Childhood Development and Education Department (ECECD); and the Public Education Department (PED).

The Data Books is designed to provide you with national data that compares New Mexico to other states. Further, the Data Book provides county level information that can be used by you to identify our state's areas of greatest need and to develop policy solutions that address these needs. This 2022 Data Book is intended to help you easily identify the "hot spots" and needs across our state.

The 2022 Data Book is part of the State's broader strategy for business transformation and for being trusted fiduciaries of taxpayer dollars, striving to leverage federal funding where appropriate to transform the lives of the New Mexicans we serve.

We strive to find innovative ways to deliver our benefits and services to our customers and to connect with the communities we serve. Through a variety of programs described herein, we are deeply honored to serve more than half of all New Mexicans.

The U.S. Census Bureau postponed the release of the 2016-2020 American Community Survey 5-year dataset to Spring 2022, which is why we are releasing this amended 2022 Data Book that incorporates these Census Bureau updates. Page 6 of the Table of Contents highlights the new additions.

On behalf of our colleagues who work tirelessly at the State of New Mexico, we thank you for your confidence in us and hope that you will find the 2022 Data Book contains an abundance of information that can be used to drive evidenced based policy and legislation to positively transform the lives of New Mexicans.

Sincerely,

David R. Scrase M.D.

Guide to Using this DATA BOOK

INFORMATION AT YOUR FINGERTIPS

The State of New Mexico Health and Human Services Departments are pleased to present the Health and Human Services Data Book, a summary of social, economic, and health statistics of our state. The Data Book presents, in one reference document, a diversity of information and is designed to facilitate comparisons of national, state, and county-level data.

You will see this image of the COVID-19 virus near the colored rectangle (top/bottom left-hand side) for measures affected by the COVID-19 pandemic.

The Data Book contains various sections, representing the types of information most frequently requested by a broad range of stakeholders:

AGENCY OVERVIEWS

This section provides overviews of the state agencies involved in creation of this book: Aging and Long-Term Services, Children Youth and Families, Department of Health, Early Childhood Education and Care, Human Services, Indian Affairs, and Public Education. Each two-pager includes a summary of divisions and programs, as well as where to go for more information and to apply.

U.S. & NEW MEXICO DEMOGRAPHIC DATA

This section provides information and statistics across a range of demographic, health, and socioeconomic indicators. U.S. maps are broken out by state, and New Mexico maps are presented at county-level. A text box on the bottom right of each table provides information important for correct interpretation of the table. In many tables, details will not add exactly to the totals and subtotals shown because of rounding.

U.S. & NEW MEXICO HEALTH AND WELLNESS DATA

This section provides information and statistics across a range of demographic, health, and socioeconomic indicators. U.S. maps are broken out by state, and New Mexico maps are presented at county-level. A text box on the bottom right of each table provides information important for correct interpretation of the table. In many tables, details will not add exactly to the totals and subtotals shown because of

*Pages 124, 129, 139, 149, 157, 164, 166, 170, 176, 189-190, 197-200, and 205 are updated or new.

PROGRAMS & SERVICES DATA

Programs and Services Data illustrates the number of people served by major health and human services agencies as well total program expenditures by county. Additionally, the State of New Mexico recognizes and affirms its government-togovernment relationship with its 23 sovereign Pueblos, Nations and Tribal neighbors; and, therefore, has included a series of program enrollment maps among Native Americans.

*Page 286 is new.

COUNTY FACTSHEETS

This section provides comparable information and statistics across a range of demographic and socioeconomic indicators, as well as information related to community resources.

REFERENCE

This section includes key terms for all data, defines acronyms used in the Data Book, and acknowledges those who contributed to the book's creation.

DATA NOTE

Spreadsheets used to create heat maps and other data visualizations are linked at the bottom of each page with the data source information (you will see an active link if available). Every effort is made to ensure the accuracy of the data presented in the Data Book. However, the Data Book relies on various sources for national and state reporting, with the most recent reporting year often varying. Nevertheless, we have used data from the most recent year available.

^{*}Pages 44 and 55-80 are updated or new.

AGENCY OVERVIEWS

SECTION 1B

The following New Mexico state agencies have collaborated in the creation of the 2022 HHS Data Book: Aging and Long-Term Services, Children Youth and Families, Department of Health, Early Childhood Education and Care, Human Services, Indian Affairs, and Public Education. Section 1B includes overviews of each contributing agency, their programs and services, and where to go for questions and/or to apply for benefits and services.

Aging and Long-Term Services Department (ALTSD)

OUR MISSION: To provide accessible, integrated services to older adults, adults with disabilities, and caregivers to assist them in maintaining their independence, dignity, autonomy, health, safety, and economic well-being, thereby empowering them to live on their own terms in their own communities as productively as possible.

STRATEGIC GOALS

Goal 1: Protect the Population We Serve: Expand safe, high-quality options, and encourage innovation; Improve access for constituents by expanding choices of care and service options.

Goal 2: Build and Maintain a Sustainable Service Delivery System:

Develop a high-quality array of service delivery alternatives; Propose or revise guidance, consistent with law and supported by sound policy, to increase the usability and sustainability of the service delivery system.

Goal 3: Strengthen Program Infrastructure:

Strengthen and expand the program infrastructure to meet the diverse constituent needs; Promote equal and nondiscriminatory participation through outreach, education, access, and capacity building

Overview of Department

Since the establishment of the Aging and Long-Term Services Department (ALTSD), constituents, providers, state agencies, tribal representatives, and legislators participated in numerous bipartisan taskforces to determine how state government could efficiently and effectively support older adults, adults with disabilities, and their caregivers.

ALTSD provides a clear and focused approach to meet the needs of New Mexicans, creating an integrated system of services for constituents with the ability to address their concerns in a timely manner, prevent duplication of services, and maximize economic efficiency.

Overview of Divisions

ALTSD consists of the Office of the Secretary and four Divisions, which provide direct access to critical resources for older adults and persons with disabilities. The Office of the Secretary (OOS) includes the Cabinet Secretary, Deputy Secretary, Office of General Counsel, Long-Term Care Ombudsman Program, Office of Indian Elder Affairs, Office of Policy and Planning, Office of Alzheimer's and Dementia Care, New Mexico Conference on Aging, Special Projects, Information Technology, and Human Resources.

The **Administrative Services Division** (ASD) includes the Capital Projects Bureau, financial management, budgeting, procurement, contracting, and administrative support to the programs.

The Consumer and Elder Rights Division (CERD) includes the New Mexico Aging and Disability Resource Center, Live Web Chat, Care Transitions Bureau, State Health Insurance Program, Senior Medicare Patrol, Prescription Drug Assistance Program, and the New Mexico Veteran Directed Care Program.

Aging & Disability Resource Center assists elders, persons with disabilities and caregivers to find services and resources to help them live well and independently.

Aging and Long-Term Services Department (ALTSD)

MEW MEXICO AGING & LONG-TERM SERVICES

17

Overview of Divisions (continued)

The Aging Network Division (AND) includes the Senior Services Bureau, which provides financial, technical and programmatic support for the Area Agencies on Aging for Planning Service Areas (PSAs; see next page for maps), the Senior Employment Programs Bureau, the Senior Corps Volunteer Programs, Legal Resources for the Elderly Program, and New Mexico Senior Olympics. The Aging Network Division also provides support for the New Mexico Conference on Aging and houses the budget for the Office of Alzheimer's and Dementia Care and the Office of Indian Elder Affairs, while also provide support to other aging network contractors.

The Adult Protective Services Division (APS) provides a system of protected services to persons aged 18 and older who are unable to protect themselves from abuse, neglect or exploitation. Investigations are conducted through a network of regional field offices, which cover all New Mexico counties. When necessary, APS provides short-term services, including emergency protective placement, home care, adult day care, attendant care and filing of guardianship petitions in district courts.

Indian Area Agency on Aging (I-AAA) The IAAA supports Indian elders' unique cultural and traditional needs and promotes services that improve their quality of life. IAAA staff serve as advocates for New Mexico's Indian elders. The IAAA has developed an area plan for strengthening and coordinating services such as training, information & assistance, transportation, volunteer opportunities, nutrition programs, and health promotion activities.

Long-term Care Ombudsman Program Provides a voice for vulnerable adults who might otherwise go unheard through regular visits to nursing homes and assisted living facilities, we help residents by advocating for their rights, investigating complaints, helping to resolve concerns, and ensuring the quality of care they deserve.

Section 1B | Agency Overviews 2022 Data Book | New Mexico Health and Human Services

Area Agencies on Aging (AAA) Planning Service Areas (PSAs)

Children, Youth and Families Department (CYFD)

OUR MISSION: Improve the quality of life for our children.

OUR VISION: Make New Mexico the best place to be a kid.

Operating Principles:

CYFD's values and core beliefs that inform and guide all CYFD's actions.

Strategic Planks:

CYFD's strategic pillars that hold up its vision for providing services to New Mexico's children, youth and families.

OVERVIEW OF DIVISIONS

Protective Services (PS) is charged with investigating reports of children in need of protection from abuse and neglect and taking action to protect and promote the well-being of those children whose safety cannot be assured. Whatever the extent of a child's involvement with PS process (such as investigation, client services, placement, or permanency), we are committed to ensuring the safety and well-being of PS involved children and providing permanency in a timely manner.

Juvenile Justice Services (JJS) provides effective delinquency prevention through interventions that emphasize community-based alternatives. We are committed to keeping our children safe and preparing them to be contributing members of society by providing treatment and rehabilitative services tailored to their needs, while also holding our clients accountable and protecting public safety.

Behavioral Health Services (BHS) is the behavioral health authority for all children in NM. BHS is the lead on children's behavioral health policy in collaboration with other State Agencies to include HSD, DOH, PED, ECECD, and the Behavioral Health Collaborative.

Children Youth and Families Department (CYFD)

PullTogether is a community engagement initiative intended to bring all New Mexicans together to truly make a difference in the lives of our children and make New Mexico the best place to be a kid. Through PullTogether, New Mexicans in need can find resources available through state and local agencies, businesses, and nonprofits, such as where to find low-cost childcare assistance, free summer meals, substance abuse and behavioral health treatment and services, and tips on how to keep children safe. PullTogether also serves as a resource for New Mexicans who want to make a difference in their community. Whether through adopting or fostering a child, donating a backpack to a child in need, reporting child abuse or neglect, or even for a job at CYFD.

Department of Health (DOH)

Mission

To ensure health equity, we work with our partners to promote health and well-being, and improve health outcomes for all people in New Mexico.

Goals

We expand equitable access to services for all New Mexicans

We improve health status for all New Mexicans

We ensure safety in New Mexico healthcare environments

We support each other by promoting an environment of mutual respect, trust, open communication, and needed resources for staff to serve New Mexicans and to grow and reach their professional goals

2022 Data Book | New Mexico Health and Human Services

Early Childhood Education and Care Department (ECECD)

OUR MISSION:

Optimize the health, Department, education, and well-being of babies, toddlers, and preschoolers through a family-driven, equitable, community-based system of high-quality prenatal and early childhood programs and services.

VISION:

Each and every New Mexico child, prenatal to age 5, and their families will have equitable access to quality early learning opportunities to support their Department, health, and well-being, ensuring they are ready to succeed in kindergarten and beyond.

STRATEGIC GOALS

Goal 1: Families: Recognize all families in NM as key decision makers and ensure they have access to the resources they need to thrive.

Goal 2: Governance: Create a cohesive governance system that supports an aligned, efficient, and responsive system of high-quality early childhood programs and services.

Goal 3: Workforce: Ensure NM's early childhood workforce is supported to meet the needs of all families and young children through an aligned professional Department system and through compensation that reflects the level of experience and training.

Goal 4: Funding: Provide sustainable and secure funding to support NM's youngest children and their families.

Goal 5: Data: Develop statewide, integrated data system to better inform planning and decision-making for all stakeholders.

Goal 6: Tribal: Strengthen ongoing government to government relationships with tribal communities in order to foster mutual trust, understanding, and partnerships that respect tribal sovereignty.

Early Childhood Education and Care Department (ECECD)

OVERVIEW OF PROGRAMS

Child Care Services: The Child Care Services Bureau administers the Child Care Assistance and the Child Care Regulatory Oversight programs, to ensure equal access to high-quality, healthy, safe, and supportive child care environments. The child care assistance program helps parents/legal guardians who are working, going to school or in a job training program with child care expenses.

Families FIRST Program: Assists families and caregivers in gaining access to medical, social, and educational services that are necessary to foster positive pregnancy and birth outcomes to promote optimal health for infants and children in New Mexico. Provides case management services to Medicaid eligible pregnant women and children birth to three years old.

Family Infant Toddler (FIT) Program Early Childhood Intervention: Provides services and support to families whose children are either babies, one-year-olds, or two-year-old's. Children qualify if their Department is delayed or if they are at risk for a Departmental delay. Services are provided by qualified professionals directly to parents and children in a child's home or in a community. The purpose of the services are to build the parent's skills in addressing the child's Departmental needs. Services are provided under Part C of the Individuals with Disabilities Education Act (IDEA).

Family Nutrition Bureau: Family Nutrition Bureau administers two USDA child nutrition programs: the Child and Adult Care Food Program (CACFP) and the Summer Food Service Program (SFSP). CACFP provides reimbursement for healthy meals and snacks to child and adult care facilities; SFSP provides meals for low-income children up to 18 years of age during the summer when schools are closed.

Head Start State Collaboration Office: The Head Start Collaboration Office facilitates collaboration and partnerships between Head Start (tribal and non -tribal), state agencies and other state entities that provide services to benefit low -income children and their families. Early Head Start and Head Start programs deliver services to children and families in core areas of early learning, health, and family well-being while engaging parents as partners every step of the way.

OVERVIEW OF PROGRAMS (cont.)

Home Visiting: Administer, monitor and support NM Home Visiting programs to support families in strengthening their parenting skills, connecting them with supports in their community, and attaining the emotional and physical wellness needed to care for and educate their young children.

New Mexico PreK: The NM PreK Bureau oversees the administration, monitoring, quality supports, and technical assistance for NM PreK in traditional public schools, charter schools, and community-based organizations. In collaboration with PED, the NM PreK Bureau administers PreK funding and ensures that all NM PreK children with special education needs receive the services and supports they need. New Mexico PreK helps young children develop a strong foundation for future learning, health, and behavior.

Human Services Department (HSD)

OUR MISSION: To transform lives. Working with our partners, we design and deliver innovative, high-quality health and human services that improve the security and promote independence for New Mexicans in their communities.

STRATEGIC GOALS

Goal 1: We help NEW MEXICANS: Improve the value and range of services we provide to ensure that every qualified New Mexican receives timely and accurate benefits.

Goal 2: We communicate EFFECTIVELY: Create effective, transparent communication to enhance the public trust.

Goal 3: We make access EASIER: Successfully implement technology to give customers and staff the best and most convenient access to services and information.

Goal 4: We support EACH OTHER: Promote an environment of mutual respect, trust and open communication to grow and reach our professional lives.

DEPARTMENT OVERVIEW

The Department is led and directed by the Office of the Secretary (OOS) with four program divisions: Child Support Enforcement Division, Income Support Division, Medical Assistance Division, and Behavioral Health Services Division. OOS provides leadership and direction for the agency and its services in coordination with other state agencies, the Governor's Office, legislature, and community partners.

The divisions and offices in **Program Support** contribute to all tasks and activities addressed in the Human Service Department Strategic Plan and include the Office of the General Counsel, Office of Inspector General, the Office of Fair Hearings, Office of Human Resources, the Administrative Services Division, and Information Technology Division.

Behavioral Health Services Division

The Behavioral Health Services Division (BHSD) is the Mental Health and Substance Abuse State Authority for New Mexico and addresses need, services, planning, monitoring and continuous quality systemically across the state. HSD runs the adult portion of the state's behavioral health care.

Behavioral Health Collaborative

HSD is a member of the New Mexico Behavioral Health Collaborative, which works to establish policy and implement strategies to manage the behavioral health system. This cabinet-level group represents 15 state agencies and the Governor's office. The vision of the Collaborative is to be a single, statewide behavioral health delivery system in which funds are managed effectively and efficiently and to create an environment in which the support of recovery and development of resiliency is expected, mental health is promoted, the adverse effects of substance abuse and mental illness are prevented or reduced, and behavioral health recipients are assisted in participating fully in the lives of their communi. es.

Human Services Department (HSD)

Child Support Enforcement Division

The Child Support Enforcement Division administers the state and federal program to collect support from Non-custodial Parents. Its primary mission is to maximize the collection of child support for all New Mexico children. Child Support Modernization through Senate Bill 140 (effective as of July 1, 2021) includes efforts to base child support guidelines on combined parents' actual income and non-custodial parents' ability to pay, allows the ability to modify a child support order for the child's health care needs, and reduces the timeframe for establishing retro-active child support from 12-years to three to improve child support collections and reduce debt.

Income Support Division

The mission of the Income Support Division is to relieve, minimize or eliminate poverty and to make available certain services for eligible low-income individuals and families through statewide programs of financial assistance, food assistance, employment assistance and training services. Income Support processes applications to HSD programs and services.

Information Technology Division

Under the direction of the Human Services Department's Chief Information Officer (CIO), the Information Technology Division (ITD) provides timely and cost-effective information technology services to the department, its programs, divisions and offices. This support enables the department to fulfill the mission of HSD in an efficient and responsive manner, and ensures that HSD gains full benefit from its current and future investments in technology.

Medical Assistance Division

The Human Services Department's Medical Assistance Division (MAD) is the direct administrator of the New Mexico Centennial Care program. See pages 253-254 for detailed Centennial Care 2.0 overview.

Indian Affairs Department (IAD)

OUR VISION is that tribal nations, tribal communities, and Indigenous people are happy, healthy, and prosperous and that traditional ways of life are honored, valued, and respected.

OUR MISSION: NM Indian Affairs Department is committed to be a resource by:

- Advocating for tribal interests at state and federal levels through policy and legislative work;
- Supporting tribes with access to resources, technical assistance, and funding opportunities; and
- Connecting tribes with the executive branch, other tribes, and with the tools and resources they need to be self-governing and self-sufficient.

OVERVIEW OF INITIATIVES

- Missing and Murdered Indigenous Women and Relatives
 (MMIWR) Task Force Act establishes collaboration with tribal
 governments, tribal law enforcement, and U.S. Department of
 Justice to determine the scope of the problem, identify barriers,
 and create partnerships to improve processes for reporting and
 investigating cases. IAD led MMIWR Task Force in development
 of a state response plan.
- Established Indigenous Youth Council (IYC) to improve young peoples' holistic wellness and elevate the Native American youth perspective.
- IAD developed Tribal Response Plan to provide support and guidance to our tribal governments when responding to COVID-19, supporting tribes in vaccine distribution and on-going requests to mitigate spread of COVID-19.
- Administered historic investments in tribal communities through the Tribal Infrastructure Fund and Capital Outlay.
- Established Tribal Water Working Group which is leading tribal input into the 50 Year Water Plan.
- Developed a draft consultation guidebook and toolkit and updated cultural competency trainings for state employees.
- Partnered with UNM to provide suicide prevention and wellness seminars to provide behavioral health supports to tribal communities.

Indian Affairs Department (IAD)

OVERVIEW OF PROGRAMS

- Tribal Infrastructure Fund: Through this competitive funding, all federally recognized tribes, nations and pueblos within New Mexico have an opportunity to submit a robust project proposal for their community.
- Special project grant funding is not intended to be a permanent funding source for entities but rather a short-term allocation. Consequently, projects should demonstrate progress towards self-sustainability.
- Capital Outlay funds are used to build, improve or equip physical property that will be used by the public.
- Tobacco Cessation and Prevention Programs: These programs are focused on building tribal capacity to implement culturally appropriate tobacco cessation and prevention initiatives that recognize the unique ceremonial uses of tobacco while reducing the use of commercial tobacco use and its harmful effects.

Public Education Department (PED)

OUR MISSION: EQUITY, EXCELLENCE AND RELEVANCE. The New Mexico Public Education Department partners with educators, communities, and families to ensure that ALL students are healthy, secure in their identity, and holistically prepared for college, career, and life.

OUR VISION: ROOTED IN OUR STRENGTHS. Students in New Mexico are engaged in a culturally and linguistically responsive educational system that meets the social, emotional, and academic needs of ALL students.

OUR GOALS:

Educator Ecosystem

Ensure every child has well prepared, well supported, highly effective educators who use culturally and linguistically responsive pedagogy to guide their learning and development.

Whole Child and Culturally & Linguistically Responsive Education

Increase student learning and development by supporting schools and classrooms to engage in deeper, enriched academic learning that is integrated with social-emotional learning and that is culturally and linguistically responsive.

To the second

Pathways and Profiles

Increase students' successful completion of high school with research-based, relevant, applied, and experiential learning opportunities that support all students to become college- and career-ready and contribute as productive members of their community.

Asset-Based Supports & Opportunities

Provide equitable access to asset-based support services and learning opportunities that enable all students to thrive in their educational setting, regardless of their demographics, family income level, or ability status.

OVERVIEW OF OFFICES and PROGRAMS

Accountability: Provides data on how schools and districts are performing and meeting needs of New Mexico's diverse student population.

Administrative Services Division: Provides fiscal support and guidance to all PED programs and bureaus, ensuring consistent compliance with PED initiatives and state and federal regulatory requirements.

Assessment: Ensures assessments meet state and federal requirements for Title I, Title II, and Title III, which are used for a variety of accountability measures. **Charter Schools Division:** Drives student success by supporting excellent authorizing practices and charter schools that provide innovative, quality education.

College and Career Readiness Bureau: Provides students educational foundation that takes them from primary school through secondary and postsecondary studies.

Early Childhood Education: Voluntary preschool program created by Pre-Kindergarten Act of 2005.

Emergency Assistance to Non-Public Schools: Part of Coronavirus Response and Relief Supplemental Appropriations Act, providing services and assistance to eligible non-public schools to address education disruptions caused by COVID-19.

Hispanic Education Act: Signed into law in 2010, is focused on improving educational success and postsecondary attainment for state's Hispanic students.

Section 1B | Agency Overviews

Public Education Department (PED)

NEW MEXICO Public Education Department

OVERVIEW OF OFFICES and PROGRAMS

Language and Culture Division: Serves as lead for language, culture, and equity within Identity, Equity, and Transformation of the NMPED.

Literacy and Humanities: Support districts, schools, and teachers as they implement comprehensive literacy system from birth through high school that ensures all students are prepared for meaningful post-secondary opportunities, including further education, meaningful employment, and lifelong learning.

Policy and Legislative Affairs: Responsible for oversight and implementation of: Policy & Legislative Affairs, Innovation & Incubation, and Measurement & Research.

Priority Schools: Works in partnership with NM schools and districts to build the capacity of educational leaders resulting in improved outcomes for all students.

Public Education Commission: Consists of ten elected Commissioners to serve for staggered terms of four years as provided by law.

Public Information Office: Handles public relations, media communications, and requests for public information for the New Mexico Public Education Department.

Title II: Designed to increase student achievement; to improve the quality and effectiveness of teachers, principals, and other school leaders; to increase the number of teachers, principals, and other school leaders who positively impact and help improve student academic achievement; and to provide students from low-income families and minority students greater access to effective teachers, principals, and other school leaders.

U.S. & NEW MEXICO DEMOGRAPHICS

SECTION 2

This section provides information and statistics across a range of demographic and socioeconomic indicators. U.S. maps are broken out by state, and New Mexico maps are presented at county-level. A text box on the bottom right of each table provides information important for correct interpretation of the table. In many tables, details will not add exactly to the totals and subtotals shown because of rounding.

2022 Data Book | New Mexico Health and Human Services

U.S. & NM HEALTH AND WELLNESS

SECTION 3

This section provides information and statistics across a range of health and wellness indicators. U.S maps are broken out by state, and New Mexico maps are presented at county-level. A text box on the bottom right of each table provides information important for correct interpretation of the table. In many tables, details will not add exactly to the totals and subtotals shown because of rounding.

U.S. Number of Food Insecure Children by State as of 2019

Source: Gundersen, C., Strayer, M., Dewey, A., Hake, M., & Engelhard, E. (2021). Map the Meal Gap 2021: An Analysis of County and Congressional District Food Insecurity and County Food Cost in the United States in 2019. Feeding America.

New Mexico Number of Food Insecure Children by County as of 2019

Note: The state total may not match the value on the U.S. map. The NM map is based on local poverty/unemployment estimates and the US map is based on national poverty/unemployment estimates; for more information on how these assumptions are derived please refer to Background and FAQ document developed by Feeding America at https://www.feedingamerica.org/sites/default/files/2021-04/FeedingAmericaProjectionsFAQ 3.2021.pdf.

Source: New Mexico Behavioral Risk Factor Surveillance System (BRFSS)

New Mexico Healthcare-associated Infections by Standardized Infection Ratios (SIR), 2015-2020

Note: The goals are set by Health and Human Services (HHS) based on how preventable these infections are. For CLABSI/MRSA, the 2020 goal is a 50% reduction in CLABSI/MRSA from the national baseline, SIR 1.0 to SIR 0.5. For CDI, the 2020 goal set by HHS is a 30% reduction in hospital-onset CDI, SIR 1.0 to SIR 0.7. For CDI the biggest risk factor is antibiotic use; however, antibiotics cannot entirely be avoided, therefore not all CDI cases are preventable. That's why the reduction is lower (30%).

U.S. and New Mexico Age-Standardized Total Disability-adjusted Life Years (DALYs) Rates, 2000-2019

Note: Mortality does not give a complete picture of the burden of disease experienced by individuals in different populations. The overall burden of disease is assessed using the disability-adjusted life year (DALY), a time-based measure that combines years of life lost due to premature mortality and years of life lost due to time lived in states of less than full health, or years of healthy life lost due to disability. One DALY represents the loss of the equivalent of one year of full health. DALYs for a disease or health condition are the sum of the years of life lost to due to premature mortality (YLLs) and the years lived with a disability (YLDs) due to prevalent cases of the disease or health condition in a population.

PROGRAMS & SERVICES DATA

SECTION 4

Programs and Services Data illustrate the number of people served by major health and human services agencies as well total program expenditures by county. Additionally, the State of New Mexico recognizes and affirms its government-to-government relationship with its 23 sovereign Pueblos, Nations and Tribal neighbors; and, therefore, has included a series of program enrollment maps among Native Americans.

New Mexico Medicaid Program – Overview of Centennial Care 2.0 Programs

Centennial Care entered its eighth year in 2021 and has effectuated a modernized healthcare delivery system in NM that focuses on improved access to care, integrated care, care coordina. on, and quality of service using its four guiding principles:

- To create a comprehensive service delivery system that provides the full array of benefits and services.
- To encourage personal responsibility, so that members become more active participants in their health and more efficient users of the health care system.
- To advance Payment Reform strategies that reward improved outcomes rather than for the quantity of services delivered.
- To simplify the administration of the program for providers and members.

Centennial Care operates under a five-year 1115 demonstration waiver which will expire December 31, 2023. The Medical Assistance Division (MAD) will draft a concept paper in 2022 outlining the principles and goals and will engage stakeholders throughout the development of for the next five-year waiver. Additionally, the current Centennial Care Managed Care Organization Contract will expire December 31, 2023. MAD will work to issue a Request for Proposals for Managed Care Organizations in 2022 to award new contracts effective January 2024. This is a significant opportunity to identify the areas of greatest potential impact for our Medicaid members and to design a program that best serves New Mexico.

Managed Care Organizations (MCOs): Blue Cross/Blue Shield of New Mexico, Presbyterian Health Plan, Western Sky Community Care

Public Health Emergency (PHE) regarding Coronavirus (COVID-19): On January 31, 2020, the Health and Human Services Secretary Alex M. Azar II declared a public health emergency for the U.S. to aid the nation's healthcare community in responding to COVID-19. This declaration is retroactive to January 27, 2020. In response to the PHE, HSD requested several federal authorities and were approved for the following:

New Mexico Disaster Relief State Plan Amendments (SPAs): HSD submitted six Disaster Relief SPAs and received CMS approval for the following:

- Expands the list of qualified entities allowed to do Presumptive Eligibility
- Temporary increases to DRG rates for ICU inpatient hospital stays by 50% and all other inpatient hospital stays by 12.4%;
- Coverage and reimbursement for testing and testing related services to the uninsured population (COVID-19 Testing Group);
- Targeted Access UPL Supplemental Payments;

- Nursing Facility Rate Increases applied when treating fee for service COVID-19 members;
- Increased hospital stays services from April 1, 2020 June 30, 2020;
- Increased rates to non-hospital providers for E&M, non-E&M, and dental services;
- Reimbursement for the administration of the COVID-19 Vaccine; and
- Reimbursement for the administration of the COVID-19 Vaccine to homebound members by EMT personnel.

1135 Waiver: HSD submitted a 1135 waiver and received CMS approval for the following:

- Suspending prior authorizations and extending existing authorizations;
- Suspending PASRR Level I and II screening assessments for 30 days;
- Extension of time to request fair hearing of up to 120 days;
- Enroll providers who are enrolled in another state's Medicaid program or who are enrolled in Medicare;
- Waive screening requirements (i.e., Fingerprints, site visits, etc.) to quickly enroll providers;
- Cease revalidation of currently enrolled providers;
- Payments to facilities for services provided in alternative settings;
- Temporarily allow legally responsible individuals to provide PCS services to children under the EPSDT benefit.

Appendix Ks: HSD submitted five Appendix Ks and received CMS approval for the following:

1915c Waivers (Medically Fragile, Mi Via, Developmental Disability, and Supports Waiver)

- Exceed service limitations (i.e., additional funds to purchase electronic devices for members, exceed provider limits in a controlled community residence and suspend prior authorization requirements for waiver services, which are related to or resulting from this emergency);
- Expand service settings (i.e., telephonic visits in lieu of face-to-face and provider trainings also done through telehealth mechanisms);
- · Permit payment to family caregivers;
- Modify provider enrollment requirements (i.e., suspending fingerprinting and modifying training requirements);
- Reducing provider qualification requirements by allowing out-of-state providers to provide services, allowing for an extension of home health aide supervision with the ability to do the supervision remotely;
- Utilizing currently approved Level of Care Assessments to fulfil the annual requirement or completing new assessments telephonically;

New Mexico Medicaid Program – Overview of Centennial Care 2.0 Programs meet the needs of people on HCBS waitlists and family caregivers. Section 9817 of the ARP provides

- Modifying the person-centered care plan development process to allow for telephonic participation and electronic approval:
- Modifying incident reporting requirements;
- Temporarily increase payment rates; and
- Allow for payment for the purpose of supporting waiver participants in an acute care hospital or short-term institutional stay when necessary supports (including communication and intensive personal care) are not available in that setting or when the individual requires those services for communication and behavioral stabilization, and such services are not covered in such settings.

1115 Demonstration Waiver for Home Community Benefit Services (HCBS)

Expand service settings (i.e., telephonic visits in lieu of face-face and provider

- trainings also done through telehealth mechanisms); Permit payment for services rendered by family caregivers or legally responsible individuals if not already permitted under the waiver;
- Modifying provider qualifications to allow provider enrollment or re-enrollment with modified risk screening elements;
- Modification to the process for level of care evaluations or re-evaluations;
- Modifying person-centered service plan development process to allow for telephonic participation and electronic approval;
- Modifying incident reporting requirements;
- Allow for payment for services: and
- Retainer payments for personal care services.

Home and Community Based Services (HCBS) Investments: COVID-19 PHE has brought to light the risks of institutional and congregate settings for older adults and people with disabilities, underscoring the urgent need to reduce the reliance on institutional services and expand access to high-quality HCBS to improve outcomes for people with long-term services and supports (LTSS) needs. HCBS allow millions of Medicaid beneficiaries to receive services in their own home or community rather than institutions or other isolated settings able to receive care in home and community settings.

The American Rescue Plan Act (APRA) of 2021 presented State Medicaid Agencies with an unprecedented opportunity to identify and implement changes aimed at addressing existing HCBS workforce and structural issues, expand the capacity of critical services, and begin to

qualifying states with a temporary 10 percentage point increase to the federal medical assistance percentage (FMAP) for certain Medicaid expenditures for HCBS beginning April 1, 2021 and ending March 31, 2022. States have until March 31, 2024 to spend the additional funding they draw down. This funding also provides states an opportunity to enhance individual autonomy and community integration in accordance with the home and community-based settings regulation, Olmstead implementation, and other rebalancing efforts. With significant stakeholder input the MAD submitted the initial spend plan in July of 2021 with thirty-one proposals and received partial approval in November 2021. The proposals are outlined in the spend plan on the MAD website at: https://www.hsd.state.nm.us/wp-content/uploads/NM-HCBS-ARPA-Spending-Plan 07122021-2.pdf

Native American Collaboration: The 2009 State-Tribal Collaboration Act codified an effective government-to-government communication and collaboration between state and Tribal governments. The Act provides the framework for the state and Tribes to work together to develop successful programs and services to benefit New Mexico's Tribes, Pueblos, Nations and Native American citizens. In 2020, with the onset of the COVID pandemic, HSD has worked extensively with the Tribes, Pueblos, and Nations in New Mexico to provide access to needed personal protective equipment, food, lodging, shelter, medical care, and transportation. The Medical Assistance Division and the Income Support Division have accessed federal waivers to increase Medicaid and SNAP benefits to New Mexico families.

The Native American Technical Advisory Committee (NATAC) was established in September 2012 as a subcommittee of the Medicaid Advisory Committee to give the Tribes, Pueblos, and Nations an opportunity to meet with the New Mexico Medicaid Director on a quarterly basis. The focus of these meetings is to continue discussion regarding Medicaid, including Centennial Care 2.0, Behavioral Health services, Income Support Division services, Tribal Notifications and the Indian Managed Care Entity (IMCE). HSD seeks the guidance from tribal leaders and their representative on how best to deliver services to their communities in this forum. HSD continues to work with IHS/Tribal 638 facilities to develop the process for 100% Federal Medical Assistance and New Mexico has consistently been a leader in ensuring most of its eligible members are Percentages (FMAP) for services received through an IHS/Tribal 638 facility and furnished to Medicaid eligible Native Americans. Efforts include 100% FMAP for IHS/tribal 638 Pharmacy Outpatient Prescription refill and signed Care Coordination Agreements (CCA) between:

- UNMH and Albuquerque Area Indian Health Service (AAIHS)
- Presbyterian Health Services and AIIHS
- UNMH and Navajo Area Indian Health Service

State Fiscal Year (SFY) 22 Medicaid/CHIP Projected Expenditures for New Mexico, Pro-rated by County as of September 2021

Source: Medicaid-CHIP expenditures are from SFY 2022 HSD Budget Projection, September 2021. Pro-rating by NM County is computed using County-level Medicaid-CHIP enrollment as percentage of State-

wide enrollment identified in the Member Eligibility Report (MER), October 2021. HSD MER data does not account for retro-eligibility adjustments. Section 4 | Programs and Services

DATA BOOK REFERENCES and ACKNOWLEDGEMENTS

SECTION 6

This section defines key terms for all measures (numerator, denominator, description), defines acronyms used in the Data Book, and acknowledges those who contributed to the Book's creation.

Explanation of Key Terms for U.S. and New Mexico Demographic Data

Page # Map Name	Numerator	Denominator	Description
32 U.S. Population Percent Change by State, 2010-2020	U.S. Resident Population in 2020 - U.S. Resident Population in 2020	U.S. Resident Population in 2010	The difference in population from 2010 and 2020 as a percentage.
33 New Mexico Population Percent Change by County, 2010-2020	NM Resident Population in 2020 - NM Resident Population in 2020	NM Resident Population in 2010	
34 U.S. Resident Population by State as of 2020	Number of residents in state	N/A	2020 state resident population using census estimates.
35 New Mexico Resident Population by County as of 2020	Number of residents in county	N/A	2020 county resident population using census estimates.
36 New Mexico Population by Age and Gender as a Percent of Total Population as of 2020	Number of NM residents by age and by gender as of 2020	NM resident population	Number of individuals by age range and gender as a percentage of NM population, 2020.
37 New Mexico Children (Under 5 Years) Resident Population by County as of 2020	Number or children (0-4 years) in county	N/A	County resident population under 4 years old using census estimates, 2020.
38 New Mexico Older Youth (Ages 14-17) as Percentage of All Minors by County as of 2020	Number of older youth (ages 14-17) in county		Percent of minors by county that are between the ages 14-17, 2020.
39 New Mexico Minors (Under 18 Years) Resident Population by County as of 2020	Number of residents under 18 years in county	N/A	County resident population under 18 years old using census estimates, 2020.
40 New Mexico Older Adult (65+ Years) Resident Population by County as of 2020	Number of residents over 65 years in county	N/A	Number of residents over 65 years in county, 2020.
41 New Mexico Percent Older Adult (65+ Years) Resident Population by County as of 2020	Number of residents over 65 years in county	County resident population	Percent of residents over 65 years in county, 2020.
42 U.S. Projected Percent Older Adult (65+ Years) Resident Population by State, 2030	Projected resident population over 65+ in state	Projected resident population in state	Projected 2030 older adult population as a percentage of total using Iowa Data Center projections.
43 New Mexico Projected Percent Older Adult (65+ Years) Resident Population by County, 2030	Projected resident population over 65+ in county	Projected resident population in county	Projected 2030 elderly population by county as a percentage of total population using UNM Geospatial and Population Studies projections.
44 New Mexico Veteran Population as Percentage of Total Population by County as of 2020	Number of veterans in county	County resident population	Percent of residents by county that are veterans, 2020.
45 New Mexico Population by Race and Ethnicity as of 2020	Number of NM residents in each racial or ethnic group	Total NM resident population	Percent of NM residents in each racial or ethnic group, 2020.
46 New Mexico White Resident Population by County as of 2020	Number of residents who identify as White in county	N/A	State resident 2020 White population using census estimates.
