

Special COVID-19 Letter of Direction #13

Date: August 4, 2020 (Effective Date March 1, 2020)

To: Centennial Care 2.0 Managed Care Organizations

From: Nicole Comeaux, Director, Medical Assistance Division 

Subject: Special Provisions for Telehealth Services during the COVID-19 emergency

Title: Telehealth Services during the COVID-19 emergency

The purpose of this Letter of Direction (LOD) is to provide guidance and directives to the Centennial Care 2.0 Managed Care Organizations (MCOs) for modification of services and program standards related to the national public health emergency associated with the 2019 Novel Coronavirus (COVID-19) outbreak. The purpose of these changes is to assure the continuation of essential services to Medicaid patients without disruption or delay while following Centers for Disease Control and Prevention (CDC) direction to maximize social distancing for the duration of the public health emergency.

This COVID-19 LOD replaces and provides clarification to LOD #31 sections:

1. 3 (a-d) New Codes for Telephonic Visits and E-Visits; and
2. Table 1 Authorized Telehealth Codes (see Special COVID-19 LOD #8 Testing and Treatment Services for laboratory codes). This LOD also separates Table 1 to create a new section: Table 2 Authorized Behavioral Health Codes

1. New Codes for Telephonic Visits and E-Visits:

Effective March 1, 2020 and for the duration of the COVID-19 Public Health Emergency, HSD has broadened access to Medicaid telehealth services so that patients can receive a wider range of services from their doctors without having to travel to a healthcare facility. Providers must maintain appropriate documentation of all services rendered.

HSD is directing the MCOs to direct providers to render telehealth services in all settings, including the member's home, through the termination of the declaration of the emergency, in lieu of in-person care to reduce the risk of spreading COVID-19 through face-to-face contact.

HSD is committed to working collaboratively with the New Mexico Licensure Board to clarify and confirm that, for the duration of the emergency, conducting an online exam for a patient that has not yet been established with the practice is not considered “unprofessional or dishonorable conduct” per 16.10.8.8 NMAC.

In accordance with existing policy, providers are expected to maintain all appropriate medical records. Any medical records requiring in person presence (e.g., height, weight, etc.) are to be noted in the record as “Excused per state declaration re: COVID-19”.

Services must be provided by a practitioner who is contracted with the MCO and within the practitioner’s normally allowed scope of practice.

HSD is aligning with the Medicare guidance for telehealth services for the duration of the public health emergency.

For detail on the Medicare guidance, including specific codes and provider types, please refer to <https://www.cms.gov/files/document/covid-19-physicians-and-practitioners.pdf>

For telehealth services rendered in the following settings, please refer to **Table 1** of this LOD.

2. Telehealth/Physical Health Services:

HSD has activated/added new codes (CPT, HCPCS or Revenue Code) to encourage the use of telephonic visits and e-visits in lieu of in-person care. These codes will remain an option for all provider types for the duration of the emergency.

These codes and rates can be found in Table 1.

The providers have (should be given) two options to bill their services:

- Providers may bill as they are currently doing using one of the modifiers listed in Table 1. The use of a telehealth modifier will identify the service was rendered via telehealth. Reimbursement will not be affected by using a telehealth modifier and services will be reimbursed with the same rates as face-to-face that are currently established for such services; **or**
- Providers may bill using one of the telehealth codes listed in Table 1.

3. Teledentistry:

HSD is expanding services for teledentistry. Please refer to Table 1 of this LOD.

4. Telehealth/Physical Health services rendered in Federally Qualified Health Centers (FQHCs), Rural Health Centers (RHCs), Hospital-Based RHCs (HBRHCs), and the Indian Health Service (IHS): Please refer to Table 1 of this LOD.

5. Telephonic/Behavioral Health (BH):

The MCOs are directed to allow behavioral health (BH) providers to bill for telephone visits using the same codes and rates that are currently established for providing such services in a face-to-face setting. Authorized codes can be found in Table 2 of this LOD. This new authorization for telephone services is in addition to existing arrangements for behavioral health telehealth services.

This will remain an option for providers through the termination of the emergency declaration and applies to both initiation of care and treatment of established patients. Initiation of care can be for any reason, including member self-referral.

Telephonic BH visits must be synchronous; that is, consisting of live voice conversation with the patient or family. Asynchronous or “store and forward” visits are not payable under this provision.

For the purposes of MCO reporting and accountability, telephonic BH visits will count per the service categorization logic included in *Centennial Care MCO Financial and Utilization Reports, General Instructions for the Categorization and Reporting of Health Care Service Expenses*. This provision will apply through the termination of the emergency declaration.

The existing Supportive Housing HCPC codes remain in effect at this time and will continue to be billed as previously instructed.

6. Applied Behavior Analysis (ABA) Services:

The MCOs are directed to allow ABA providers to bill for telephonic visits using the authorized codes identified in Table 2 of this LOD.

This COVID-19 Letter of Direction will sunset when the Human Services Department determines that the outbreak of the 2019 Novel Coronavirus (COVID-19) associated with the national public health emergency has been contained.

Table 1. Authorized Telehealth Codes

Code	Description	Medicaid FFS Rate
<i>Physical Health Services</i>		
	<p>MCOs should allow all providers (for example: physicians, mid-level providers, OT, PT, SLPs, providers who can bill E&M services, Emergency Department visits and others) to continue to bill their services as they are currently.</p> <p>Reimbursement will not be affected using a modifier. Some providers may be limited to a percentage of the rate. Reimbursement to CNPs and CNSs who are in independent practice are limited to 90 percent (90%) of the MAD fee schedule amount allowed for physicians providing the same service.</p> <p>A service provided via telehealth would be billed using one of the following modifiers.</p> <ul style="list-style-type: none"> • GQ: Telehealth store and forward (or) • GT: Interactive telecommunication (or) • 95: Synchronous Telemedicine Service Rendered via Real-Time Interactive Audio and Video Telecommunications System. 	<p>At the same reimbursement rate as face-to-face encounters/visits.</p>
(or) Other Telehealth Options		
<i>Physician Telephone Services</i>		
<p>Physician Telephone Services (for example: provider who can bill E&M services, physicians, mid-level providers). Some providers may be limited to a percentage of the rate. Reimbursement to CNPs and CNSs who are in independent practice are limited to 90 percent (90%) of the MAD fee schedule amount allowed for physicians providing the same service.</p> <p>Note: During the COVID-19 emergency, the following codes can be used for both new and established patients.</p>		
99441	Telephone Evaluation and Management (E&M) service provided by a physician to an established patient, parent or guardian not originating from a related E&M service provided within the previous 7 days nor leading to an E&M service or procedure within the next 24 hours or soonest available appointment, 5-10 minutes of medical discussion.	\$55.34
99442	Same as above - 11-20 minutes of medical discussion	\$101.71
99443	Same as above - 21-30 minutes of medical discussion	\$135.63

<i>Non-physician Telephone Services (for example: OT, PT, SLPs)</i>		
98966	Telephone assessment and management service provided by a qualified nonphysician health care professional to an established patient, parent or guardian not originating from a related assessment and management service provided within the previous 7 days nor leading to an assessment and management service or procedure within the next 24 hours or soonest available appointment - 5-10 minutes of medical discussion	\$12.05
98967	Same as above - 11-20 minutes of medical discussion	\$23.78
98968	Same as above - 21-30 minutes of medical discussion	\$34.88
<i>Interprofessional Consultation Codes</i>		
99451	Reported by the consultant, allowing him/her to access data/information through the electronic health record, in addition to telephone or internet - 5 minutes	\$33.25
99452	Reported by the requesting/treating physician or qualified health provider (i.e., provider who can bill E&M services, physicians, mid-level providers) - 30 minutes (for example: providers who can bill E&M services, physicians, mid-level providers)- 30 minutes.	\$33.25
<i>Real-Time Interactive Audio/Video</i>		
99421	Non face-to-face online digital E&M service for an established patient, for up to 7 days cumulative time during the 7 days - 5-10 minutes	\$40.29
99422	Same as above - 11-20 minutes	\$67.46
99423	Same as above - 21 or more minutes	\$96.23
<i>Other Telehealth Codes – Assessing and Monitoring</i>		
G2010	Remote evaluation of recorded video and/or images submitted by an established patient (e.g., store and forward), including interpretation with follow-up with the patient within 24 business hours, not originating from a related E&M service provided within the previous 7 days nor leading to an E&M service or procedure within the next 24 hours or soonest available appointment.	\$11.52
G2012	Brief communication technology - based service (e.g., virtual check-in) by a physician or other qualified health care professional who can report E&M services, provided to an established patient, not originating from a related E&M service provided within the previous 7 days nor leading to an E&M service or procedure within the next 24 hours or soonest available appointment - 5-10 minutes of medical discussion or just "brief check-in by MD/QHP" for short, used in medical care.	\$13.03

G2061	Qualified nonphysician (<i>for example: OT, PT, SLPs</i>) healthcare professional online assessment, for an established patient, for up to 7 days, cumulative time during the 7 days - 5-10 minutes.	\$10.87
G2062	Same as above - 11-20 minutes.	\$19.21
G2063	Same as above - 21 or more minutes.	\$30.08
Dental Telehealth Codes		
D9995	Teledentistry synchronous real-time: when the dentist and participant interact as if they were having a face-to-face service. Services that can be provided effectively telephonically without real-time video may also be covered via telehealth. The code will be reimbursed at the same rate as D0140- face-to-face limited oral evaluation (problem focused) service. Providers must continue to maintain appropriate documentation of all services provided and related to medical necessity.	\$28.94
Telehealth /Physical Health Billing for Federally Qualified Health Centers (FQHCs), Rural Health Centers (RHCs), Hospital-Based RHCs (HBRHCs), and the Indian Health Services (IHS)		
780	<p>Telemedicine General classification</p> <p>Scenario 1: A telehealth service that is rendered with the patient present should be billed using the appropriate clinic visit revenue code. The telehealth service must be reported separately using revenue code 0780 and HCPCS code Q3014- Telehealth Originating Site -Facility Fee.</p> <p>Scenario 2: A service rendered through telehealth only should be billed as a single line of service using their current face-to-face encounter revenue code and HCPCS code Q3014 to identify this as a telehealth service.</p> <p>Dental FQHC billing: Please continue to bill procedure code D0999 and enter a POS 02- Telehealth.</p> <p>Entering revenue code 0780 is not necessary for FQHC dental billing.</p>	<p>Scenario 1: Reimbursed the encounter/OMB rate plus the telehealth HCPCS fee schedule rate.</p> <p>Scenario 2: Reimbursed at the encounter/OMB rate</p> <p>Dental: Reimbursed at the encounter rate</p>

Table 2. Behavioral Health Telehealth Codes

<i>Behavioral Health Services-Telephonic Visits- Authorized Codes</i>			
When a service is delivered through Telephonic means, providers are to enter on a CMS 1500 Claim Form for Place of Service Code 02 . The services are billable to the MCO and should be paid at the office rate for the service.			
All normal Modifiers should be included on the claim if otherwise required. Providers will continue to use the current rules in place for billing more than one encounter on the same date of service.			
HCPCS code Q3014 is to be used only for telehealth visits where the client is present at the originating office site, and the distant site provider is at another location.
