[2/1/95; 8.231.600.9 NMAC - Rn, 8 NMAC 4.NBN.600, 1/1/08]

8.231.600.10 BENEFIT DETERMINATION:

A. Medical service providers must give the name and case number of the New Mexico medicaid eligible mother and the name, birthdate, sex of the newborn, and the name of the hospital where the birth occurred to local county income support division (ISD) office. Within three days after receipt of this information, the income support specialist (ISS).

(1) determines if the mother was eligible for New Mexico medicaid at the time of birth or if the birth and delivery was covered by emergency medical services to undocumented aliens (EMSA);
(2) registers the newborn for medicaid on the system; a signed application is not required;
(3) provides eligibility information to the hospital; and
(4) notifies the mother that a signed application is necessary to establish the newborn's eligibility for TANF, if applicable.

B. **Processing time limit:** All applications must be processed within 45 days from the date of application. The time limit begins on the day the signed application is received. Applications must be acted upon and notice of approval, denial or delay sent out within the required time limit. The ISS explains the time limit and that the applicant may request an administrative hearing if the application pends longer than the time limit allows.
[2/1/95; 8.231.600.10 NMAC - Rn, 8 NMAC 4.NBN.620 & A, 1/1/08]

8.231.600.11 INITIAL BENEFITS: Notices of eligibility determinations are automatically generated and mailed to applicants/recipients.

A. **Move during eligibility determination:** If an applicant moves to another county while the eligibility determination is pending, the county income support division (ISD) office in which the application was originally registered transfers the case to the new responsible office.

B. **Delays in eligibility determination:** If an eligibility determination is not made within the time limit, the applicant is notified in writing of the reason for the delay. This notice also informs the applicant/recipient of the right to request an administrative hearing.

[2/1/95; 8.231.600.11 NMAC - Rn, 8 NMAC 4.NBN.623, 1/1/08]

8.231.600.12 ONGOING BENEFITS: A newborn remains eligible for assistance under category 031 for up to 12 months, as long as the newborn remains in New Mexico.

[2/1/95; 8.231.600.12 NMAC - Rn, 8 NMAC 4.NBN.624, 1/1/08; A, 3/1/10]

8.231.600.13 RETROACTIVE BENEFIT COVERAGE: A woman who applies for New Mexico medicaid after the birth of her newborn and is determined retroactively eligible for the month of the newborn's birth, or for a prior month within the three month retroactive period, is deemed to have been eligible for and receiving medicaid at the time of the birth. Her newborn qualifies for New Mexico medicaid for 12 months beginning with the month of birth, providing the criteria listed above apply. Up to three months of retroactive medicaid coverage can be furnished to applicants who have received medicaid-covered services during the retroactive period and would have met applicable eligibility criteria had they applied during the three months prior to the month of application [42 CFR Section 435.914].

A. **Application for retroactive benefit coverage:** Application for retroactive medicaid can be made by checking "yes" in the "application for retroactive medicaid payments" box on the application/redetermination of eligibility for medicaid assistance (MAD 381) form or by checking "yes" to the question on "does anyone in your household have unpaid medical expenses in the last three months?" on the application for assistance (ISD S) form. Applications for retroactive medicaid benefits must be made no later than 180 days from the date of application for assistance. Medicaid-covered services which were furnished more than two years prior to application are not covered.

B. **Approval requirements:** To establish retroactive eligibility, the ISS must verify that all conditions of eligibility were met for each of the three retroactive months and that the applicant received medicaid-covered services. Each month must be approved or denied on its own merits. Retroactive eligibility can be approved on either the ISD2 system (for categories programmed on that system) or on the retroactive medicaid eligibility authorization (ISD 333) form.

C. **Notice:**

(1) Notice to applicant: The applicant must be informed if any of the retroactive months are denied.

(2) Recipient responsibility to notify provider: After the retroactive eligibility has been established, the ISD worker must notify the recipient that he is responsible for informing all providers with outstanding bills of the retroactive eligibility determination. If the recipient does not inform all providers and furnish verification of eligibility which can be used for billing and the provider consequently does not submit the billing within 120 days from the date of approval of retroactive coverage, the recipient is responsible for payment of the bill.

[2/1/95; 8.231.600.13 NMAC - Rn, 8 NMAC 4.NBN.625 & A, 1/1/08]

8.231.600.14 CHANGE IN ELIGIBILITY: If the newborn is placed on TANF or category 032 and then loses eligibility for either of these categories, the newborn can still be eligible for category 031 if he meets category 031 requirements for the remainder of the 12 month period. A new application is not required.
