The actual costs of child care are not to exceed the applicable limits set forth are deducted from earnings as:

(3) Third party child care payments: Child care costs paid by third parties directly to the child care provider cannot be used as child care deductions. Such payments are classified as vendor payments and are not counted as income. If such payments do not meet the full cost of child care, the difference between the deduction and the vendor payment is the amount allowed, up to the stated child care deductions in Paragraph (2) of this subsection.
