

PACE is a managed care program authorized by the Balanced Budget Act of 1997, developed to address the needs of individuals with long-term care needs. PACE comprehensively serves persons over 55 years of age with long-term care needs who live in an eligible zip code including Bernalillo, Sandoval, and Valencia Counties. Care is provided by an interdisciplinary team which includes the enrollee, family members, and all professional and paraprofessional staff who interact with the participant. HSD contracts with only one NM PACE Provider, Total Community Care d.b.a. Innovage of Greater NM, located in Albuquerque. The contract uses capitated financing and has a total contract value of \$11,858,226.24.
