

Figure 5 - HHS IT High-Level Enterprise Project Schedule Timeline

The Timeline is future focused and does not reflect timeframes for all previous work of onboarded vendors. Modules will be in M&O for Medicaid while the Modules begin integration work with the Partner Agencies. * EVV has a combined ORR/CR event ** Refer to High-Level Module Integrations & Agency Interfaces Timeline for more detail *** The DS Go-Live date in this OBC Timeline aligns with the approval and acceptable of the SI SaaS production Environment deliverable (2/27/23). This differs from the DS Module Integration date used in the SI Timeline, which aligns with the final submission of the deliverable (1/31/23).
