The New Mexico Human Services Department (HSD) Medical Assistance Division is providing notice of opportunity to comment on proposed State Plan Amendment (SPA) 20-0017 which changes the Diagnosis Related Group (DRG) payment.

Effective October 1, 2020, HSD is proposing to rescind the temporary DRG rate increases for inpatient hospital services which allowed for a 50% rate increase for Intensive Care Unit inpatient hospital stays and a 12.4% rate increase for all other inpatient hospital stays. The increased rates were implemented temporarily to assist hospitals during the Public Health Emergency (PHE). The proposed end date for the temporary rate increases is September 30, 2020.

There is no anticipated fiscal impact to HSD for this change as rates will revert to the previous methodology in effect prior to April 1, 2020. The reimbursement methodology is outlined in subsections A through C of the Methods and Standards for Establishing Payment Rates – Inpatient Hospital Services of the New Mexico State Plan and any corresponding amendments.
