

**Disclaimer:**  
The following data is prepared on behalf of the State of New Mexico Human Services Department (HSD), and is intended to supplement the "Provider Rate Benchmarking Study, Benchmarking - Phase 2" document dated August 5, 2022.  
This data should be considered in addition to the "Provider Rate Benchmarking Study, Benchmarking - Phase 2", which provides documentation and additional detail on the data sources, methodology, and disclosures.  
*CPT® is a registered trademark of the American Medical Association.*

**Notes:**

1. CY2019 New Mexico Medicaid managed care expenditures reflect managed care encounters and FFS claims after exclusions have been applied. See Data Sources and Time Period in the "Provider Rate Benchmarking Study, Benchmarking - Phase 2" document for the impact and list of exclusions applied to the claims data.
2. The CY2021 New Mexico Medicaid FFS Percent of Benchmark FFS Rates represent the comparison of the New Mexico FFS rates to the selected benchmark FFS rates for the corresponding service.
3. The CY2021 Medicaid FFS Rates represent the 2021 New Mexico FFS rates and those for each of the selected benchmarks for the corresponding service.
4. Colorado predominantly uses FFS for Medicaid payments, therefore, Colorado's FFS fee schedule accurately reflects actual Medicaid payments to providers in the state.
5. The other three benchmark states (Arizona, Louisiana, and Washington) predominantly use managed care for Medicaid payments. Medicaid managed care payments can vary significantly from FFS rates in some states given the ability for MCOs to negotiate payment rates. The current variations between managed care payments and the FFS fee schedule rates in Arizona, Louisiana, and Washington are unknown.
6. The comparison to the Medicare fee schedule is not applicable at the diagnostic code level of detail for psychiatric hospitals or rehabilitation hospitals for inpatient hospital services or at the procedure code level of detail for psychiatric hospitals for outpatient hospital services.

## Inpatient Hospital Service Area Summary Psychiatric Hospital and Rehabilitation Hospital

Please refer to the "Provider Rate Benchmarking Study, Benchmarking – Phase 2" document dated August 5, 2022 for additional information related to Service Area and Service Subgroup designation, methodology including data sources and time periods, and selected benchmarks.

*Note: In the facility-specific reimbursement approach for Psychiatric Inpatient and Rehabilitation Inpatient, we have presented the data using ranges or other relevant information.*
