Interested Parties:

The Human Services Department (the Department), Medical Assistance Division (MAD), is seeking approval of the State of New Mexico's amended Home and Community Based Services (HCBS) Waiver Settings Statewide Transition Plan (STP).

The State of New Mexico Human Services Department (HSD) through the Medical Assistance Division (MAD) is accepting written and recorded comments for a period of 30 calendar days regarding the submission of the State's amended HCBS Waiver Settings STP. This STP includes the following HCBS waiver programs: Developmental Disabilities (DD) waiver, Mi Via waiver, Medically Fragile waiver, and Centennial Care section 1115 waiver. Amendments to the STP are required in order to support the State's efforts to align waiver programs related to HCBS with the Centers for Medicare and Medicaid Services (CMS) Final Rule 2249-F/2296-F.

The key components included in the proposed changes under this Statewide Transition Plan amendment are to incorporate and address overall comments from CMS regarding completion of site-specific assessments of home and community-based settings; necessary strategies for validating the assessment results; the outcomes of these activities, including remediation strategies that will resolve issues identified by the site-specific settings assessment process and validation activities; a plan for identifying and evaluating settings that are presumed to have institutional characteristic; and development of a communication process for beneficiaries who are currently receiving services in settings that the State has determined cannot or will not come into compliance with the home and community-based settings final rule. In addition, the State outlined ongoing monitoring and quality assurance processes that will ensure all settings providing home and community services (HCBS) continue to remain fully compliant with the rule.

The STP is available on the HSD website at <https://hsd-cf.rtscustomer.com/public-information-and-communications/opportunity-for-public-comment/public-notices-proposed-waiver-changes-and-opportunities-to-comment/comment-period-open/>.
