FFY 2019 SNAP Performance Report-Second

DATE:

April 18, 2019

Attached please find the second issue of the Supplemental Nutrition Assistance Program (SNAP) Performance Report for FFY 2019. This report includes all Quality Control (QC) findings received for the review months of October 2018 through November 2018. Additional data included in this report is the recertification timeliness.

The FFY 2019 Performance Goals for the state are:

- Cumulative Payment Error Rate of 6% or better (Payment Accuracy 94%)
- Cumulative Negative Error Rate of 1% (Case and Procedural Error Rate (CAPER) of 99%)
- Expedite and Non-Expedite application processing timeliness of 95%

Effective October 1, 2017, in order to assist in meeting Performance Goals for Payment Accuracy (94%), Case Action and Procedural Error Rate (CAPER) (99%), and Application Processing Timeliness (95%), all counties must complete 2 full SNAP new application reviews, 15 target SNAP renewals (recertifications and/or interim reports), 5 target SNAP approval reviews, and 2 target denial reviews per line manager. Cases should be pulled from the Second Party Review alerts in ASPEN. The office reviews must be completed by the last working day of the month.

Tracking should be entered on the separate Tracking Log spreadsheet on the QIS shared drive. The Tracking Log must be completed by the second business day of the next month.

The County Director and the Quality Improvement Section (QIS) will monitor to ensure that all required reviews are done monthly. Staff from QIS will review a sample of these reviews each month.

If Line Managers are found to be non-compliant with mandatory Office Reviews, County Directors will be required to review a minimum of 5 cases per Line Manager prior to the last working day of the month.
