The increase in hospital reimbursement is effective for dates of service April 1, 2020 through June 30, 2020. The inpatient institutional rate percent specific to each hospital will be adjusted by an increase of 12.4%. HSD/MAD has provided guidance to the MCOs /directed the MCOs to adjust the claims that were paid for these dates of service to reflect the 12.4% increase for these provider types.
