RE: FFY 2015 SNAP Performance Report

DATE: February 5, 2016

Attached please find the final issue of the Supplement I Nutrition Assistance Program (SNAP) Performance Report for FFY 2015. This reput includes all Quality Control (QC) findings received for the review month of October 2014 through September 2015. All errors for October 2014 through September 2015 have been finalized. Jong with payment and negative accuracy rates, data included in this report is the recertification, 7-day, and 30-day application processing timeliness. The Performance Goals for the state for FFY 2015 are:

Payment Accuracy of 96% or better
Negative Accuracy Rate of 90%
Expedite application processing timeliness of 98%
30-day application timeliness of 98% or better

Effective Mar 2014, po IPP 14-01, counties with a payment accuracy rate of 96% or better must view ases at evel 2; all others must review cases at Level 1.

- Level NA county office with an error rate above 4.0% is required to complete 35 full reviews per supervisor per month. Of the 35 reviews, at least 20 must be reviewed prior to disposition of the case (Second Party Reviews). The remaining 15 must be reviewed using the case read function in ASPEN. These completed reviews must be completed by the last working day of the month. All of the reviews must contain SNAP as a Category of Eligibility (COE).
- <u>Level 2</u>: A county office with an error rate of **4.0% or less** is required to complete 25 full reviews per supervisor per month. Of the 25 reviews, at least 15 must be reviewed prior to disposition of the case (Second Party Reviews). The remaining 10 must be reviewed using the case read function in ASPEN. **These completed reviews must be completed**

by the last working day of the month. All of the reviews must contain SNAP as a Category of Eligibility (COE).

Effective March 1, 2014, per IPP 14-01, counties will review cases using Criteria #152 for both Level 1 and Level 2 Case Read Reviews.

All supervisory reviews should include a review of income, household composition, deductions, timeliness, documentation, and barriers and the NVRA settlement agreement requirements were addressed. Supervisors should review cases from each one of their staff. A spreadsheet for each county office has been created to track the Second Party Reviews. The spreadsheets are located on the QIS Reports Monitoring shared drive in the folder named Second Party Reviews. Each region will have a folder containing the individual offices. The creadsheets must be completed monthly by the last calendar day of the month.

The County Director and the Quality Improvement Section (QIS will conito on ensure that all required reviews are done monthly.

If counties are found to be non-compliant with mandator case reads, **County Directors**, as part of a remedial Corrective Action Plan, will review a minimum 5 cases per supervisor prior to the last working day of the month.

Please share this data with staff as appropriate. There are any questions or comments, please contact Carolyn Craven of the Quality Assessment Bureau at 827-7224 or e-mail at Carolyn. Craven@state.nm.us.
