INCOME SUPPORT DIVISION
INTERDEPARTMENTAL
MEMORANDUM
ISD-GI 12 -30
DATE: May 31, 2012

TO: ISD Staff
FROM:  Ted Roth, Director
Income Support Division
SUBJECT: Selection of New Regional Office Manager for Region One

This memorandum is to announce the selection of a new Regional Office Manager for Region One.

Dennis Davis began working as County Director at the Northeast Bernalillo County Income Support Division office in December 2006. In this role, he provided effective administration and management to ensure the office's performance and service was consistent with the Department's mission and goals. Previously, he enjoyed a long career as Executive Director of a large treatment facility for children and youth. His duties included the oversight of a treatment foster care program, 24 hour residential program, adoption program, and a child development center, a full continuum of operations. All programs were fully accredited. Dennis also served as adjunct faculty at Spalding University where he taught in the School of Business for thirteen years. Dennis was a licensed social worker who earned a BA in Liberal Studies from Spalding University, and a Masters Degree in Human Resource Development from Webster University.

Please join me in congratulating and welcoming Dennis to his role with ISD.
